SRI KALESHWAR

Sri Kaleshwar was born on January 8, 1973 in a small village in Andhra Pradesh, southern India. As a child many divine occurrences happened around him. But Kaleshwar's real spiritual awakening occurred when he was fourteen years old. It was then that Shirdi Baba, one of India's most revered saints who had died in 1918, miraculously appeared to him while he was studying in an abandoned temple. Soon after, Kaleshwar began spontaneously demonstrating miraculous healing abilities. Shirdi Baba had opened his divine channels. Kaleshwar's true dharma, his spiritual work, had begun to unfold.

For the next decade, he practiced intense spiritual practices under Shirdi Baba's guidance. Shirdi Baba led him to ancient palm leaf manuscripts written by saints over the last few thousand years. He voraciously studied the manuscripts, practiced and implemented the sacred formulas of mantras and yantras which they revealed. The goal of these sacred formulas was to have direct experiences of God. His spiritual research completely took over his life. Instead of studying botany, he studied the palm leaves. Instead of attending classes, he meditated and practiced the formulas they revealed.

He traveled across India, living as a mendicant depending on alms, meditating at ancient power spots and meeting hundreds of powerful saints, researching and discussing the information written on the palm leaves. Eventually, he would release the supreme spiritual knowledge given in the manuscripts to the world. In 1993, he settled in a small village in Andhra Pradesh...Penukonda. It is where he began building his ashram. He was twenty years old.

It was predicted 400 years ago in one of the ancient manuscripts, The Kalajana, that a divine soul would come and live by the holy mountain in Penukonda at the turn of this century. The book states this soul would have a special relationship with Mother Divine and spread the knowledge of the supernatural power channels so that everyone could have a direct experience of the Divine.

Sri Kaleshwar's mission is to share this ancient spiritual knowledge with the world. He said that ultimately this knowledge will bring about the end of religious fighting in the world. The information contained in the palm leaf books give the formulas and practices whereby any soul can experience God directly. Every soul can become a holy soul and have access to the Divine. He says, "Every soul has the potential to reach the level of a Shirdi Baba or a Jesus and contribute amazing things to the world. Everybody can do it. That's my golden statement. That's my mission. Everybody's equal. What did Jesus say? Who really trusts in him, will become more powerful than him. That means all his students. Everybody's equal." Sri Kaleshwar's mission is to create many spiritual masters who will spread this knowledge and bring healing and enlightenment to the world.

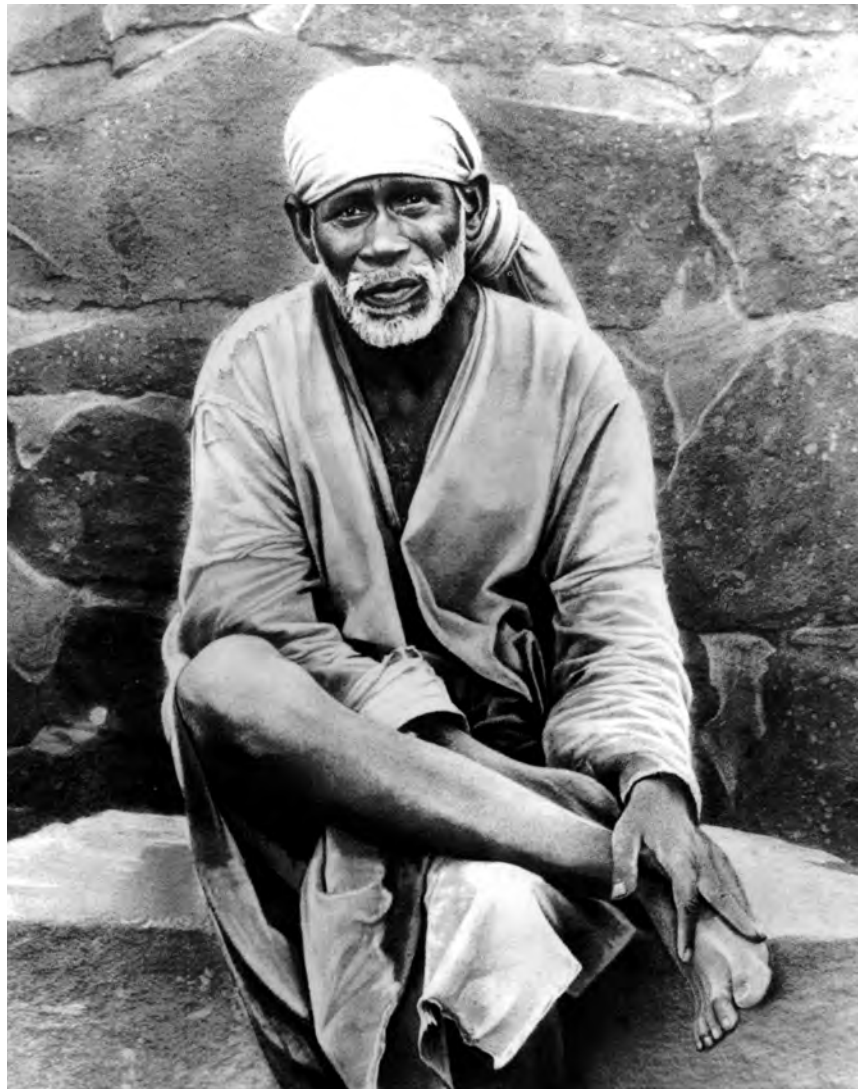

SHIRDI BABA († 1918)

Shirdi Baba lived his life as a beggar, begging alms from the villagers in the tiny backwater town of Shirdi. His simple outward appearance disguised the truth of his spiritual stature. He lived most of his life in a dilapidated mosque with no protection from the elements or the multitudes who sought relief from their suffering. He chose to live as a beggar although he could have lived like a king. He received millions of rupees from his devotees but each day he was left empty handed because he distributed it all to the poor.

Baba was an incarnation of Shiva, and rare yogi with the highest supernatural capabilities. His yogic feats were endless; he changed water into oil, appeared in many places at once, rescued countless devotees from life-threatening situations, and in his ultimate act of sacrifice, gave up his life to save the life of a beloved devotee. He demonstrated so many miracles throughout his life. This phenomenon continues to this day.

Devotion to him is rapidly growing throughout the world among people of all faiths. His life was a demonstration of the unity of all religions and our essential oneness. Although he lived in a mosque, Hindu prayers and rituals were performed. People wondered if he was a Hindu or a Muslim. Baba said, "All human beings are one. Our religion is humanity. Sri Kaleshwar says of his master, "Baba was neither Muslim nor Hindu, he was everything. Whoever calls for his help, his protection is there. Who really follows Baba, fear can never touch them. Fear is always away from them. They're very happy whatever happens."

Before leaving his body, Shirdi Baba made a promise to the world that whoever calls on him with faith, he will respond. "I will never forsake anyone who relies on me."

GURU PURNIMA
SHIVA SAI MANDIR, PENUKONDA, INDIA
JULY 4, 2006

Swami: Welcome, my dear divine souls. Do you have coconut? (*Swami asks a student to give him a coconut.*) I hope everybody got settled. What are you really expecting, Clint, at this event, this Guru Purnima 2006?

Clint (Nityanandaji): Progress in each of the enlightenment stages in our lives.

Swami: This Guru Purnima, by grace of Baba, will be super successful in all angles, what I promised in different, different countries, and different people with the different processes. But where I see the majority confusion, even in the senior most students, is self-doubt. Whenever you have self-doubt then all the time, the rest of your life, it doesn't matter if you're in front of the beautiful nature and I'm describing how beautiful the nature is, you're closing your eyes. You need to open your belief system. (Swami breaks the coconut). You need to open your belief system – to see what's really happening around you, in you. Even if you're not able to understand, try to see what others' are experiencing.

For example, I gave a mango. To one person the taste is super sweet. The same mango to another person who bites it, it's a little lemonish. Another person, super bitter. Another person, it's super salty. Why is that? Clint?

Clint (Nityanandaji): The illusions, the illusion circles.

Swami: What type of illusions?

Clint (Nityanandaji): The karmas of our own negative craziness, the karmas that we're carrying from before this life, and the illusions that the master, the gurus, can put on us for testing or washing our blocks.

Swami: Un hum. Then? The blocks, the illusions, then?

Clint (Nityanandaji): The karmas.

Swami: What does it mean by karma and illusion?

Clint (Nityanandaji): Well, karma is action, reaction. It's the nature's reaction to our past actions that we're experiencing now.

Swami: Okay.

Clint (Nityanandaji): Illusion is that which is not permanent, that which is not true.

Swami: No matter what, the belief is the belief. To the Divine, you need to believe blindly, to believe on it. If you think, 'Yes, is Baba really here,' yes, he is here. If you think it's a statue and you're putting a garland and you're worshipping, then he's not here. You're a part of Baba; you're a piece of God. But a piece of cra-ziness is in you, too. That's why this Guru Purnima, why I started the University. Within one year, to give every Full Moon, one experience. So, it's a big job to me to make you open that fast track. Before, it took to me, a major part...I didn't speak good English. I didn't understand you and believe in you that once I give you certain experience that you would not misunderstand, you would not go crazy. And to make wha-tever really strong religion you have, to make you to follow Shirdi Sai Baba, to follow Jesus, to follow the ancient prayers. It's a big deal to make your soul to accept that.

So the point is this, Guru Purnima I'm giving the title Panchakarma Process. Panchakarmas are 5 types of...A man always does the karmas. What are the remedies? Why are certain people able to connect to certain amazing divine souls? Why certain people not? It's the most depth.

Tomorrow we're starting with the fire puja at 10 a.m. Everyday there's a fire puja – big purifications. And the speech will be a maximum 15 to 20 hours. Then I'm taking pretty huge sweeping out, like really com-

pletely majority fulfilling your process. Who was really in the beginning stages giving them certain experiences to make it link in your meditations or to connect to whatever you really believe in.

For example, you prepared, guys, the Big Boss' cross, all the Yellow Scarf group. It took to me almost like one-and-a-half days time deeply thinking on it – how to pull him. There's 0.0001% no access. Then again I begged him, 'Hey please.' Then I got the access. Then again it got failed. So it means, even though he's a divine soul and he's ready to come in front of you, still the obstacles can play. They're not his obstacles. Whatever your soul is ready to receive, some disturbance is always being created for you to not receive that. What it is you need to kick out? If you know what it is, how to avoid that, then you're done. You know what I'm saying?

Of course, I would like to come and talk to Tobias and Tatyana. I have the thought. Even though they have a thought, *the link needs to make it happen*. You know what I'm saying? They're all the time thinking, thinking, 'Swami we want to talk to you, we want to talk to you.' I want to talk to them. But between there, some bridge is not happening. What type of bridge it is? That's the whole concept of this Guru Purnima to create that bridge, to make it in a smooth way. Of course, the majority of people chanted thousands of millions of prayers, so your soul has pretty good high strong positive vibrations. You're ready to hit certain amazing things. At the same time, try to be aware whenever I'm giving certain techniques. This Guru Purnima is not linked with any previous subjects. It's completely brand new, one ancient book what I'm giving, this talk. How Shiva, himself, got purified. He created certain angels around him not to get disturbed to receive what he wants. Why Shiva needs to receive? What he received? We'll see this Guru Purnima.

So, don't expect my time in a proper way, 'Ok tonight Swami has to come, this time he promised.' Clear me...I'll come whenever the right time is there. Of course, you know me. I'm not escaping but a lot I need to do. How many people are here for the University? Almost 50%. How many people will come and go, power journeys and Vaastu? You really will love it, walking with me in the most powerful spots. The power journeys, it's a paradise; it's a heaven. To you guys to be in Sri Sailam camping the night in the forest, that's a bliss. Shirdi, Kalahasti, Mantralayam... it's the bliss. You need to see and experience it.

Same time whatever questions you have whenever I'm discussing power journeys and power spots, and power objects... Tomorrow it's coming, a big subject. I'm giving 30 to 45 minutes question and answer time. Don't hold it; try to ask, clarify it. Understand? Whatever you have questions in your heart, try to write them down, and after the talk I'll give 30 minutes for questions and answers.

So, if possible try to come to early morning abhishek whenever he's (Baba) having the holy bath. And keep your health good. It's super windy. I've never experienced this much crazy wind since I've been in the ashram. Almost my mind is spinning like that. I'm serious. So don't drive me crazy, and you won't receive craziness from me. It's important because it's purely Guru Purnima, it means that's his day. He has to bless to every soul, including to me, to entire your family member the take cares...amazing. So, try to participate as much as you can, your time, to be with him, to hang around and to meditate. Ok? Have a good day and see you tomorrow.

CHANGING YOUR BELIEF SYSTEM

SHIVA SAI MANDIR

JULY 5, 2006

Swami: Good evening, guys. How was your day? It was wonderful? I don't think so from today. Of course, yes. How are all Yellow Scarf people? Silence? That's nice. How many days your program, guys? Simone?

Simone: Eight days.

Swami: Eight days? Til 12th of July. Can you chant nine times Omkaram. Guru Mantra. Good.

Today your Swami first took the majority of sessions that I promised for certain process to get fulfilled. Already I started my work.

Nowadays, the elements on the planet, especially the globe, are unbelievable shaky. Amazing illusions. It's coming even to the supernatural powerful divine souls, the greatest good friends who I'm having in Himalayas. And even though strong characters, personalities on soul level, want to get control in a beautiful way for the elements not to give the crazy disasters, but day-by-day it's getting tight. Once you know what's really going to happen tomorrow you'll be a little shaky. You know what I'm saying?

For example, a doctor he knows something is happening to a patient. The person is hanging around him. He can't cure, there's no medicine for that. In such type of circumstances how the doctor really suffers. The patient he really loves, but he is not able to take care of his health, even though he knows the doctorism.

The same thing, the big challenging is happening since thousands of years to the spiritual souls – Baba, Jesus, Buddha, Paramahansa, amazing divine souls. These guys, certain things, even though they're fighting to make certain things stop. what they really want is not happening in a proper way. In front of their eyes certain... not only the nature disasters, they're seeing the people opening their hearts in a beautiful way to create the nectar in them. You know what I'm saying? To create the nectar, that's also a big revelation to bring it. They did a pretty good job only through love, love, love, love. Yes, love is a big weapon, you can take care; the same time you need another thing with you. What is that? Marci?

Marci: A guru.

Swami: No, a guru keeps giving love but another thing you need to change a person's heart? What?

Marci: I don't know.

Eric: Shakti processes.

Swami: Just answer whoever I call on. Doug?

Doug: Knowledge.

Swami: What do you mean knowledge? Of course, the masters have the knowledge. How does the master prepare the students like the master? Even though the student is carrying incredible love, he hates his anger, he hates his blocks, he wants to be good but he cannot be good. He wants to be loyal, he wants to be very sattvic; he wants to be so pure. Why are the masters not making it happen? Of course, you love everybody; you're a man of love, pure crystal divine love you're carrying in you.

Beate: The student's open heart.

Swami: To be honest, to make the open heart is the master's duty, to make your open hearts. You want to see me; of course, I want to see you too. That's why you're here. Does it make sense?

Since 2,5 to 3 years I keep trying to go to Shirdi. I went to London, America, Japan, but not Shirdi. I came from America to India; only 1,5 days were left (before Japan). I landed. Just I took a little rest, then next day night back to Japan. Many times I thought, 'Please Baba, I want to come to Shirdi to touch your samadhi.' It's not happening. Why? I went to Sri Sailam and Tirupati many times, every two months once just standing in front of him. I never even think to go Tirupati but unexpectedly I get visits there. The temple guys, "Hey come, have darshan." But not to Baba. One time me, Monika and Clint, we made a deal. Clint, isn't it?

Clint (Nityanandaji): Yes, Guruji.

Swami: What?

Clint: (Nityanandaji) That we'll go to Shirdi together.

Swami: I'm almost sweating with two person's lives; something needs to happen in a proper way. I made a deal to him, »If they got clear, I'm coming to Shirdi tonight, no matter what.« The time is 10:30 pm. 11:30 we need to jump in the car just to go straight to Shirdi. They came very happily, clearly. Then again I had a thought, »Let things really happen in a proper way what I like.« Then the things didn't happen clearly. Then again I postponed it. It means there's a struggle running between me and Baba. Struggle... what we call?

Monika (Mataji): Arguing.

Swami: Arguing? Kind of. The point, if he really likes to see us, to see you, you'll be there. If you really need to win your process, you'll win your process. He's sending me to America for nothing. Nothing means, of course, I love America. Same time, it's a little crazy lila... different states. I made it super successful. The trip is super powerful group there. Almost 450 people one group big fire puja and somewhere in the mountains, after many years later in Los Angeles. They're very open hearted.

He's sending me to do certain works, 'Go and do your duties there.' But why is he not accepting me to come to Shirdi and to touch his samadhi? That's a question mark. Why I'm not making your process completed, certain angles, even though it's in my hands? Why Baba is not making your process certain things, even you're coming back and forth since 6, 7 years? You love Baba, you love Swami, you love Penukonda, you love spirituality. Why? What's happening between that? Monika?

Monika: Yesterday you said it was the self-doubt running in us.

Swami: 100% I don't have any doubt on Baba. I don't have doubt on myself. If you know this mechanism, pretty good you'll understand spirituality. Tobias?

Tobias: Maybe lack of surrender.

Swami: What do you mean lack of surrender?

Tobias: Well, you said you made a deal with him (Baba) and then you started arguing.

Swami: My deal with him, 'My life is his.' You know what I'm saying? Totally my life is... I don't have another life, just taking care of whatever he gives, the works. That's my only dedication to him.

FIGHTING FOR YOUR DHARMA

You need to fight for your freedom, for your work, for your dharma. If you want it, you want it, you want it, you'll get it. If you leave it in his hands, it's very hard to get it whenever he wants to give it to you. But he'll give it to you but *when*? That's a question mark. You understand?

But I visited the most powerful places, not with body – soul level. Some friction is there with Baba. Intentionally, I fought for some of my student's files, to take care of them. He's ignoring it, why I should come? A little egoism there... not ego, kind of toughness. Then the University came. It means I have to visit Shirdi a few times on power journeys because I committed. He's making it true like that (that way), 'Come on, walk.' Beginning days I loved to be in his Dwarkamai¹, whole night in Dwarkamai. Early morning 4:30 cleaning the Dwarkamai. Very simple life, super simple life. Where he sat on his rock, touching that rock meditating whole night. Such a paradise, such a bliss.

WHAT YOU NEED TO GET WHAT YOU WANT

So, finally, what I've seen after all the time traveling:

1. You need to be strong about what you want.
2. Try to make a deal with him, 'If you did this, I'm going to do this. Now I'm doing this, do this for me.'

I always have a big problem. Generally, I won't trust the student that easily. A person who comes with super wealth, first I see how generous he is. Then next I see how much of an open heart he has to the poor people around accepting and that he also behaves as an equal person. These are simple things to link with your spirituality. I'm very serious. You're such a great beauty. Who is not a beauty around you, how do you really treat them, too. You're a knowledge person. Who does not know the knowledge, how you treat them.

¹ In Shirdi

You have a power to the people around who do not have the power, how you're really using your power in a negative way to hurt them. These are all starting to count on your soul level.

THE TOP CHARACTERS ARE VERY SIMPLE AND HUMBLE

Some people I've seen in India are the top, top characters in all angles but the way of their dress, they come like a layman, very simple, simple, simple guys... the most obedience and humbleness. That is the thing you need to develop in each soul. Then you have total right to fight with him (Baba), to make a deal with him, to create the paradise around for you rest of your life for many, many, many lifetimes. Then you're the person of avatara. Same like Shirdi Baba, how he lived his life as a simple character in the street. He's a man of powers. He's a man of miracles. He's a man of true love. He's a pure Datta. He's a pure Shiva. He's a pure Mother. He's everything. At the same time he lived a very simple life. When you look at his lifestyle, that simplicity brought this whole spirituality a completely new belief system. Even Ramana Maharshi Arunachala was not an ordinary character. He was a man of supernatural powers. Even Paramahansa he was not ordinary character. He was also an extremely supernatural person with Mother Divine. Every night and every day he connected².

Where each student is having a problem, after you reach Mother Divine, two strokes, three strokes, five strokes, six strokes, good, well and good. I didn't release the pin number yet for you again to pull Her back to make yourself to communicate. It's the majority my selfishness, I need to see your character and your behavior.

THE SPIRITUAL LAW CHANGES EVERY TEN YEARS

Paramahansa connected everyday in his life. Every day he communicated. His lifestyle is... just his life was given to Mother. His life was completely dedicated to doing service. I'm not telling you to be like a kind of Paramahansa, to be with just a small cloth like Ramana Maharshi, sitting in Arunachala, the mountain. I'm not saying that. That time is gone. Every ten years the spiritual law is changing; every ten years the law is changing. Who cares about Krishna? That was Dwarpa Yuga. Who cares about Rama? You think Rama was fair? Clint?

Clint (Nityanandaji): No.

Swami: Why?

Clint (Nityanandaji): Well, he doubted on his wife.

Swami: He doubted? If you're in his position, you won't doubt on your wife?

Clint (Nityanandaji): No, he doubted because some crazy guy in the city, a drunk person said something bad about her. He heard it and put it out in his heart.

Swami: Why he doubted his wife? If he's really an avatar, why he needs to doubt? I'm asking. If he's really an avatar, if he's really a Bhagawan, if he's really the Creator, why he had a doubt on his wife? Tatyana?

Tatyana: He sucked that illusion, what Nityaananda (Clint) mentioned, some person in the city told something negative about his wife. And he took that statement and he was attacked by that illusion, and he believed that.

Swami: The same person again in the Dwarpa yuga, Krishna, married eight wives legally. How is that fair? How much you really can trust that *Bhagavad Gita*? You need to follow the *Gita*?

Nine years back I told about Jesus Christ's life. Almost nine years back some illusion hit, otherwise today that book... you have the cassettes, Monika?

Monika (Mataji): Yes, Swami.

² he talked to Her in Her physical form

Swami: Maybe you can make it everybody can see that one time. On the day eight, nine years back I told what is coming, the days of Jesus' life.

I'm not criticizing any religion. I'm talking as an open truth, even if he's Krishna, Rama, Buddha, Jesus, Baba. Of course, Baba lived his life very simply. He never forced any person, 'Do this, do not do this.' But, same time he always said, 'Follow your heart. Don't do the bad karmas. Be fair. Be fair.' What do you mean be fair? Whenever he wants something he demands it or he takes it but he never keeps it for himself. Majority, that's the only illusion he creates in the people. You understand, Simone? When you really want to keep hiding it, it's impossible in front of that energy that you can hide it. He and the big boss, Jesus, they're the two most brilliant characters on the planet how to get certain things out of you. They're the experts. I'm serious.

TALKING OPENLY TO THE BIG BOSSES

So you need to be fair with them, whatever you have, the feelings, the problems, put in front of him very fairly. 'These are my problems. Give me the solution. I need spirituality in this way, as successful as what you've experienced. Maybe this lifetime, or next lifetime or the coming lifetime, but as soon as possible. My body, my heart and my soul, everything I put in front of your feet.' Whenever you committed that, then it's possible. Then only it's possible for certain amazing things to flow in your life. The good karmas automatically start to flow to make the illusions burn around you. Whatever negative karmas you did, with or without notice, it'll start to burn them to bring the good future, the bright future, the great awareness, the links.

A master having only simple true love doesn't help anywhere in the planet. Even Jesus Christ, whatever Christianity they talk, I love their philosophy, same time Jesus did many miracles. If somebody else did them, what would they think about it? Virginia?

Virginia: If somebody else did it they would think it's a miracle.

TO BE A MASTER YOU NEED LOVE AND SUPERNATURAL ABILITIES

Swami: A master needs true love; same time supernatural abilities. That true love automatically develops when you really surrender and give up all your crazy things. The supernatural abilities will only come through your process with directions from the master. You understand? Hello? Without abilities nowadays on the planet it's impossible to change the globe. Does it make sense? Paul?

Paul: Makes 100% sense, Swami.

Swami: Even though you're a great talker, giving a good speech, great good love, but some abilities you need to carry to change to open a person's heart. For example, Paul is amazingly heartbroken. He comes in to an interview with me. Okay, I hear all his problems; he has big heartbroken. But I need to find the way to break his normal belief system to change to be a strong believer of what I believe. It means whatever I do, as a spiritual magic, a chocolate, a shaktipat, big awareness needs to come in his life. He has to forget that (old belief), then he has to come up for a new thing. You might think, 'Why I need to do this process, Swami? Why I need to see Jesus? Why I need to see Mother? Why I need to do this crazy elements' process?' You don't need to. You no need to do it. But if you want to know certain abilities, how it really works in a supernatural way, yes, you have to.

So, be clarity on it. You might think – many people, they already put questions in funny angles in a beautiful way to me. 'Swami, all these things happening – linking with divine souls, divine spirits, divine supernatural angels, the same time sometimes you talk that Shiva is a person who sits in the graveyard with ash – doesn't that sound like black magic negative energy? It's dark. It's kind of a cult.' What can I tell them? Do you have answer, Klaus?

Klaus: I don't have an answer, Swami.

Swami: The Shiva character, he's sitting in the graveyard in the Himalayas with ash having the cobras. To the typical western-culture mind, 'You're worshipping him with cobras sitting in the graveyards with ash? Such type of persons you're worshipping? You're a dark energy.' If anybody comments on you, what are you going to say? Klaus? It's a serious question.

Klaus: For me, it's a question of imagination. If I start evaluating the graveyard, the ash to be bad or good, then I go into problems. And then I go into illusion, into trouble. But if I leave it as it is... if I see.

Swami: Everybody can hear his answer? I didn't hear anything.

Klaus: My throat is a bit hurting.

Swami: Okay, Simone. Be strong; tell me.

Simone: I don't have the answer.

Swami: You don't have answer? Simply you accept that blame?

Simone: It's difficult for me to give the answer. It's a question to me as well so I'd like to hear the answer from somebody else.

Swami: Ganesh?

Ganesh: Well, the energies are working in a completely different way than the naïve belief system in the West. That the energy processes are much more difficult and God is much more... the divine energy is negative and positive energy. And the western world they're only focused on the positive energy. And it is not good to be completely open in the western world. It's more different than in India. You cannot talk openly, for instance, in Germany or in the U.S. what processes we are doing here in India. You have to be very smart and alert and careful what you say in public. We're doing kandhana yoga and different things. It's very strange for the western mind. People could think it's dark energy if we would talk about it in public. So now it's not possible to talk about it in public. You can only tell people who have an open heart, and who trust in Baba and you and what we're doing here.

Swami: Is it true, Martin?

Martin: Not fully. I wouldn't say...

Swami: Hey, you need to be loyal. It doesn't matter if they like it or not, whatever you want to express it you have to express it. You know what I'm saying? You don't have free speech in your countries? Simone, you don't have free speech?

Simone: Yes.

Martin: Shiva's the man who's controlling the cobra, otherwise the cobra would bite him and he would be dead. The cobra's a friend of his. So that's the first thing. We could start talking about his character, saying, 'Hey, he also has strong abilities.' And actually he's the man of the universe. But anyway, this could be a way to start talking about his character in a positive way as well.

Swami: See your duty. Whatever friends, family members, you need to give the awareness of what you're really doing. Some Gayatri mantra you keep chanting. They don't know the meaning of Gayatri. They don't know the meaning of Namashivaya. They don't know the elements' purifications. They don't know the connections of the Divine Mother channels. They don't know the JC Channels. Until you really go back and see the ancient palm leaf books, that yantras and mantras, the vibrations, if you've really seen it, yes, it's clear. With one small leaf I heard they made a beautiful movie on the Jesus, Da Vinci Code or something? Your heart is open Simone for that?

Simone: Interesting, so...

Swami: You're smart. See it's already one big step to the belief systems. That's one big step. Who really believes Shiva is in the graveyard or not and the Himalayas, okay, but so what?

EXPRESS THE KNOWLEDGE VERY OPENLY WITHOUT HURTING ANYONE'S FEELINGS

The point is, how much you're really going to convince and open the peoples' heart through your knowledge. To yourself you have confidence on you. Whenever you start getting paranoid, 'Oh my God, maybe I can't talk this; maybe I can't say this way in a very simple, talented way.' Then you can't help them to say what you really want to tell them. You know what I'm saying? You have to express what you want to express very openly. This is your theory, this is your philosophy; you want to do this way. If they're interested, yes. If they're not interested, okay, well and good. If you keep holding it, how long, how far, you can hold it? How far? How long? That's why it didn't come out in the different, different crazy belief systems. And you want to be careful yourself about whatever the laws are. When you're not hurting somebody, when you're not damaging somebody's feelings, then you're fine. You can talk – free speech. In India, that's what I know. In America, I also talk very open speech. In Europe, I talk. I think several hundreds...a thousand people came. But why can't you guys prepare what you really learned, to express your feelings even in front of me, or in front of the Big Boss? Very vaguely you're writing the letters to me; it's super indirect. You should tell straightly what you want. That's it. Not like writing seven pages and somewhere you're point is hidden in that. No way. There's a big subject what we need to go enter. Today is just an introduction. Any questions?

Christine: Swami, you said we have to fight if we want to know something, if we want to get something. How exactly do we have to fight?

FIGHTING MEANS NEVER LOSING THE INSPIRATION FOR WHAT YOU WANT

Swami: Fight means not taking the stick and fighting the master. Hun un. The inspiration – never lose it. Never ever lose it with any mood, with any type of circumstance. The inspiration – you want it, you want it; you don't want it, that's it.

Marci: I'm thinking a lot about making a deal with the Mother and the Father. And now tonight you're saying you have to make deals and then you need to vow to Baba you'll do something. And then you make another deal. But how do I know, Swami, what deal I can make? I have some ideas what I would like to give and what I would like to make a deal. But I can't quite see my reflection.

Swami: Give me an example. It's a very important point.

Marci: Okay. This is a deal I thought about making with the Mother. May I speak?

Swami: Sure.

Marci: I wanted to know if this was my last lifetime, or if I have another lifetime, or I have many. For instance, if this is my last lifetime, my deal is, 'I'm coming back, Mother, no problem.'

Swami: You want to come back? Why?

Marci: Sure, no problem. Okay, my personality doesn't want to come back. But I'm surrendering to it. I'm sure there has to be some work and maybe if the work has to be on the planet. I'm offering myself. I would love to be able to come back, no problem. But I don't know if that's up to me, you know what I'm saying? I'm happy to do that and I would do it no problem. I don't know if that's a good deal for the Mother to start.

Swami: Can I make a comment? Whoever visited Penukonda, who is already coming and visiting Penukonda, a few lifetimes they've already been here, otherwise you wouldn't be here. This whole mandir very soon is completely being prepared with gold, diamonds and gems. They'll only have darshan from the fire pit. The mandir will extend that far away. They'll only have darshan from there, looking at it, going out. Only on very, very auspicious time they can come here, touch his power spot, going out. Maybe you don't believe it. Does it make sense, Doug?

Doug: Yes, it does.

Swami: How many years back I talked to you about what will happen a few years later? We had a walk.

Doug: It was in 1998 and there was no second floor, just a little cover up there. It was all dirt. And you said it was going to be a beautiful garden.

Swami: Was it a dirt or forest?

Doug: Weeds.

Swami: Bushes, yes.

Doug: And now it's completely transformed just like you said it would.

BY 2020 MANY CHANGES WILL COME

Swami: By 2020, if you're an owner here then you will have access. Otherwise, it will be very difficult to get inside. How many years until 2020? (14 years) It's very less time. Super less time. The information will come out; the knowledge will come out; the people's experiences will come out. They'll visit here. The whole globe is starting to get open. I'm telling you it's getting open. So, it's not my prediction, that's his (Baba's). Whatever the energy, the Vaastu, pretty good I stopped not to crazily make it to flow. Even now holding it, 'Wait, wait, wait, wait.'

Lora: Marci was asking about the reflection about making the deal. So you answered indirectly about how this place is going to transform itself. Are you saying indirectly that that dakshina is the main way to make a deal?

Swami: For example, I made a deal several thousands of years back to the Boss, 'Okay, I'll do something.' With the Big Boss when we were walking, at the time he was in India and the information was lost. That's one of my biggest missions to bring back all whatever Jesus did, the channels, to make Mother Divine available to have darshan and to have abilities in a lot of students. I'm on the job. Simple. I don't have any personal attachments, personal desires in my life... just to create. So, we'll go the depth.

Aghni: Swami, so isn't the power spot a part of your promise to come back if necessary?

Swami: Millions of millions of people have to come and touch and go.

Aghni: I mean to ourselves to come back again on this planet.

Swami: This Guru Purnima you'll know the concept that after your soul left it has to come and be in Dwarkamai. On that level we'll have again and have this type of conversation, 'What do you want to do? You want to go back, come back?' I'm serious.

I love to make you talk guys about what's the meaning of the power spot, including putting your Shiva sand in Dwarkamai. What the meaning is in it. Somebody try to explain. Who can explain? Myuri?

Myuri: Eric is giving an orientation to the new people all the information.

THREE MAJOR BENEFITS OF THE POWER SPOT

Swami: Try to go again review the day I talked about the power spot. The same just keep reading it. Who has a power spot here:

1. It's highly impossible any negative energy can influence on your soul. That's the number one benefit.
2. No matter what, in this lifetime you have to get enlightened. That's the deal.
3. No matter what you have to see the Mother Divine before you take off from your body.

These are the three major benefits. The remaining things, if you want to come back and do a lot of seva, everything is between your feelings and your Swami's wishes.

So tomorrow try to be ready by 2 p.m. or 3 p.m. Prepare big white sheets, colored pencils; we'll start. We'll go the depth information. Before that I recommend if somebody would talk about power spot and fire pujas will be everyday. And I recommend if you could offer the flowers either here or there (in Swami's dhuni) and lotus flowers or sandalwood oil. I recommend lotus flowers. It's the most powerful purification. Good luck, take care, good night.

POWER SPOT, POWER OBJECT, SOUL OBJECT LINKS

SHIVA SAI MANDIR

JULY 7, 2006

Swami: Good evening guys. How was your day? Everybody can hear? How was the talk today with Clint, Monika and Myuri. Clint, Monika, Myuri can you stand up and talk what you talked?

Clint (Nityanandaji): Well, power spot, then JC Channels, then we shared some personal experiences about our relationship with you.

Swami: You, Monika?

Monika (Mataji): We all shared that together, all three of us.

Swami: I have a question to make sure everybody understands. I have a question, what does it mean by power spot? Clint?

Clint (Nityanandaji): It's a place that utilizes the earth element that's connected to our soul. And it's a link between our soul and the guru, the master's soul. And it's the place where our austerity power is stored like a bank account. It's a place that that link is related to our blocks, how to stay washed. It's related to our personal mantra. It's related to discharging negativity. It's related to the ability of the Guru's sankalpam to act on our soul. It's absolutely necessary for protection in the world from the illusions, the maya. If we're doing healings, it's a place where we access the austerity energy that is actually doing the healing. It's completely necessary in spirituality as we are being taught.

Swami: Why is it necessary? Try to understand why I'm asking these questions. Why is it necessary to have a power spot?

Clint (Nityanandaji): Well, it implements the most powerful of the five elements, the earth element. That's the most stable element we can link. Without that link we don't have the connection to the guru sankalpam or to discharge our energy.

Swami: What do you mean by sankalpam?

Clint (Nityanandaji): Well, the guru understands what blessings each soul can receive and needs to receive. The guru understands the dharma. So the blessings the guru gives us is focused in the way of sankalpam. You put your sankalpam on a soul you know what the soul is going to do, should do, can do. And so you bless that with energy. But that energy is focused through your Brahma Consciousness and your awareness in a way, in a specific form in the Creation. And that's through sankalpam.

Swami: Why you need to do visit five times to your power spot? Monika? What is the inner mechanism you have to come every Guru Purnima Full Moon to touch the spot? What is important?

Monika (Mataji): Well, I don't know the exact answer to that. I think there might be something about our physical body, our five elements have to touch those five elements that are there. And once we develop our channels then the soul can reach that. But for the first five years while developing our channels our physical body needs to come and touch that.

Swami: Is it true, Clint?

Clint (Nityanandaji): You said we need to come with our body until we can soul travel. So actually I think our body is bringing our soul; a link to our soul through the five elements to that place. It's really about the soul. We come, we deposit, we discharge, we put all our austerity power for the whole year there and we reconnect and charge our personal mantra. You said the power spot is automatically like interest, whatever energy there is going up every six months 10 times going higher.

SHIRDI BABA'S POWER SPOT UNDER HIS GURUSTAN

Swami: Why Baba made his power spot as a gurustan? How he made it? You talked about that?

Clint (Nityanandaji): No.

Swami: No? He didn't have a power spot?

Clint (Nityanandaji): Yes, he has a power spot.

Swami: Where it is?

Clint (Nityanandaji): It's right behind his Samadhi under the ground under a neem tree.

Swami: On top of it which statue, which deity is there?

Clint (Nityanandaji): Well, there's a Shiva lingam, an atma lingam that he created there. There's some padukas he blessed there.

Swami: Which form he kept his power spot? I think I told it; I talked on that. Am I? Hello? I talked on it several times. I gave the example with the four candles – satya, dharma, shanty, prema. And also he has a power object – power spot and power object. What is difference between them? Power spot and power object, Monika? Am I giving hard time?

Monika (Mataji): Yes!

Swami: Thanks. No, they need to know.

Monika (Mataji): An object is an object. A spot is a place. But at a power spot there's still going to be a power object. But an object is an object you can take it with you.

SHIRDI BABA'S POWER OBJECTS

Swami: What are Baba's power objects?

Monika (Mataji): His chillum, his stick, and his brick – these three objects.

Swami: His brick that's his main power object...and his stick. Why do you need power object? For example, I gave a ring, I told to you to receive a rudraksha, a lotus mala, a chain – having something holy you received. What does it do to you? Why you need it?

Monika (Mataji): You have a link to the person who gave you the object, who created the object. And to pull divine energy. You can also store energy in the object; you can help balance the energy when your energy is low when you've done a lot of healings. It can help you pull Mother Divine or any divine soul. It can really help to balance your energy and it helps for the guru to send his sankalpam. Whatever the master's intention for you he can put it into that object and help your soul through that object.

SOUL OBJECT LINKING TO POWER SPOT

Swami: What does it mean by soul object?

Monika (Mataji): A soul object is something you create yourself through your own soul. It links you to the master. It's an object that helps bring you to the stage of enlightenment, to recognize yourself. But it's something you create yourself.

Swami: How do you do that? It's a big link; we need to come to one understanding as a chain.

Monika (Mataji): Well, first of all, the master has to give you a process to do that. Then it's your austerity power, your intention, and your clarity that's creating it through your Brahma Consciousness.

Swami: How many people here made your soul object, guys? Whoever made your soul object, your spirituality is 99% done. That's the standard law. That 1% (left) is you need to know the pin number to open it. Still your Swami is holding it. Where is your soul object, Monika?

Monika (Mataji): It's inside my body.

Swami: It's not strange?

Monika (Mataji): We should never lose the soul object.

Tatyana: Where is your soul object.

Tatyana: In my body, too.

Swami: What is the inner mechanism keeping it in your body?

Tatyana: You should not lose it. Once if you lose your soul object I think your spirituality for this lifetime is pretty much done.

Swami: If you lost your soul object, you can get it back again? If you made it, you can get it back, isn't it? Don't you think so, Monika?

Monika (Mataji): At a certain stage, at your level you can do that, but I think in our stage we can't.

WHAT'S NEED FOR A PERSON TO CHANNEL THE COSMIC

In every person's life few things is very important:

Power spot

Personal mantra

Power object

Soul object

Personal channeling to the cosmic

These are 100% necessary. Even though we all came from the One, until you reach the One, you need to create your oneness by carrying all these things with you. It's the most important to create the balance. Where is my power spot, Tatyana?

Tatyana: I think it's in Dwarkamai.

Swami: Where is Dwarkamai?

Tatyana: Building right outside. But I think you have more than one.

Swami: What do you mean?

Tatyana: I think some divine souls created different power spots on Earth. So I don't think you have only this one. I think at certain power spots like Hampi or Sri Sailam, there's high Shiva energy there, I think you might also have power spot there.

Swami: What is my soul object, Tobias?

Tobias: I would guess the Shiva Lingam in the Dwarkamai.

Swami: That's my soul object?

Tobias: That's all I can think of right now.

Swami: How many hours you been with me in your life?

Tobias: Several hundred hours.

Swami: How many parties I given to you, guys?

Tobias: Hundred.

Swami: That's all? Tatyana?

Tatyana: More.

Swami: Monika?

Monika (Mataji): Hundreds.

Swami: Hundreds of parties I've given but you don't know what is Swami's soul object or power spot. You aren't able to get that. Is it a compliment? I'm commenting it. Monika B?

Monika B: It's a compliment that you didn't tell them or did you tell them?

Swami: They didn't ask me.

Tatyana: That's not true, Swami.

Swami: Whenever I'm in a happy mood they can catch it; they really can catch it.

Tatyana: I think one time you gave us a chance to ask any type of question and that question came up and you didn't give an answer so...

Swami: That's a blaming, 100% blaming. At the time who was there?

Tatyana: Our whole group. You gave us until 6 am because we really didn't hit the right questions. But some questions really came close to certain...

WHY WE NEED TO CONNECT WITH CERTAIN THINGS TO BELIEVE IN THEM

Swami: Close but not straight, huh? So, the most important, a person needs to connect to something what he doesn't believe in, but he has to believe in certain things, why it is? Monika? Why do you need to believe on certain things?

Monika (Mataji): Are you asking why we need to believe in certain experiences or certain objects?

Swami: Certain things means, like Shiridi Baba's power spot is in the backside of his samadhi, southwest under the neem tree. On top of there's a Shiva Lingam. And underground he had the four candles that keep burning – he used the fire element. You didn't see it but you have to believe it. Why you have to believe it?

Monika (Mataji): Well, because it's true.

Swami: What's the truth? You're not catching my point. What is true? Why you need to believe it's his power spot?

Monika (Mataji): If you go to Shirdi, you can get a lot of energy visiting that spot, if you recognize it with that understanding.

Swami: Exactly. Same thing, when you made your power spot, how do you recognize how your life is changing and if you're receiving the energy from your power spot or you're dumping the energy and keeping in your power spot? Lora? It's very important subject.

Lora: I don't know. I don't have good answer.

Swami: Martin?

Martin: We get more capabilities. Our healing power and other abilities to do things in the world they increase, they get stronger. Our bank account is increasing quickly with that power spot.

Swami: It means sand, clay, will give the energy or you're dropping the energy in it?

Martin: We're dropping a part of the energy and this energy is multiplied many times through the Guru and through the blessings of this place. So we give a little bit and the rest is given by the Divine. And by giving a little bit the Divine gives the rest to achieve many things.

Swami: How many people ate something last night? How many people ate the sugar? Only five to seven people? What was first?

Student: Sand.

Swami: How many seconds later did it change as sugar?

Student: Don't know, ten seconds.

Swami: You ate it? Student: Yes.

GIVING A SUPERNATURAL BOOST TO THE SOUL

Swami: So, the earth element can be changed, that's the concept. What I blessed and gave to them I didn't do it for magic or fun. Whatever I do, it's to make their hearts open; same time to make the link. That's my theory. To put them in the bliss, not to worry on crazy things, silly things, all the time. Giving a supernatural boosting to their soul to keep and carry the abilities forever and ever for many lifetimes until they reach what I want in their life and what they want in their life. That's the concept. Even what your monkey mind cannot believe – certain things are bleeding, certain things are happening. I don't care about your minds. But I always care about your soul and how much you can receive.

Now we'll go for the depth subject. Everybody have your paper and pens.

1. Power Spot
2. Power Object
3. Soul Object
4. Personal Mantra
5. Personal Process

A POWER SPOT IS NECESSARY TO DEMONSTRATE ABILITIES & HEALINGS

Everybody, I hope, majority of people have already power spot. Isn't it? No matter what after your soul takes off from your body your commitment is you automatically come back to your power spot. Your soul, all your soul vibrations are activating from your power spot. If you really allow, we'll do some testings this Guru Purnima. For example, I tried a couple of times, got success, couple of times got failure with crazy things because of crazy behavior of the students.

Clint's power spot, his energy, his soul, whenever he's sleeping, we can take his soul out through the power spot. Even the Big Boss, Jesus Christ, whatever your belief system, he was able to come back alive on the third day. It's only possible if he had a power spot. If he didn't have a power spot, impossible. If you want to do kandhana yoga, if you want to demonstrate certain siddhis, if you want to demonstrate certain healings, if you want to demonstrate the most amazing things in the planet, without power spot it's impossible. It means you really need to hook up the earth element.

SOUL TRAVEL LINKED WITH THE POWER SPOT

Baba is using the flame candles in the ground, he's using the five elements then he's putting a Shiva Lingam on top of it in Shirdi. We can do testings, make a lottery and see, taking Clint's soul out and sending it in his power spot and making him a chappati for one day or two days or three days. I'm serious. If you want to send him his soul back, taking it from the power spot to bringing it in the body. If you know the channelings to do that... majority it's controlling of the Shiva energy, if Shiva allows he'll send the soul back. If he doesn't allow, naturally, it's gone, your soul is gone from your body then you can communicate; you will know certain things. But if forcibly it's gone, you can take it back. That's the concept of the crucifixion. If forcibly it's gone, you can take it back. If by itself, it is allowed to go, still you can get it but still it's very difficult. All of kandhana yoga, all the process, the soul traveling, is linked with power spot. So in which place you have a power spot, which circumstance, how safe a place your power spot is kept, in a protection way, that's the most important thing.

The Big Boss, Jesus Christ's, power spot is hidden in Himalayas. Buddha's power spot hidden in the Himalayas. Big Boss, Baba, is hidden in Penukonda... one of his power spots. My power spot is hidden in Penukonda.

Once if you have a power spot, even if you have a little funny Vaastu, and is creating you to be a little funny, but still the elements are accepting you to do certain things. You know what I'm saying?

POWER OBJECT

Power object is always illusion. Your mala is really a power object. You chanted the five elements, you chanted JC Channels, Sri Chakra channels, personal mantra, several thousands of mantras. But many people don't know how to protect the power object. The power object pretty good is linked with your soul. So soul object and power object... On the day, Shirdi Sai Baba's master, Venkusa, gave a brick to Baba. The brick was his power object. He made him, 'Wherever you go, walk with the brick, sleep on the brick. Never use a pillow.' If I tell you, how long you can do that? It's really difficult to carry a brick. To the world, to the belief system, we might think it's a little crazy, it's a cult but there's a lot of depth meaning in it. His master made a comment, 'Whenever you lose your power object or break your object it means you're going out, you're coming back to me.'

So, on Mother Divine festival in 1918 in October at that time, one beautiful student of Baba's was cleaning the Dwarkamai. Baba kept his brick on one side. Unfortunately, the brick fell off and it broke into (two) pieces. Then he came, Baba came and looked at him, 'You did your duty; it's time for me to go.' Why if you lose your power object is it reflecting on your soul that much? I have a question. Yesterday you did abhishek to Baba?

Student: Yes.

Swami: You seen something coming out?

Student: Yes.

Swami: Where?

Student: From his mouth

Swami: How many people saw that?

Student: There were 22 in the group and 4 or 5 on the stage.

Swami: It really came out?

Student: Yes, it came out from his mouth.

Swami: How is it possible? How close you saw it?

Student: You put flowers on Baba. You said some mantras. All the flowers were falling down and you kept putting more flowers, more flowers on Baba. And suddenly some of the flowers would not go down. They were going inside his mouth. And then you said, 'Hey look, something's coming out.'

CREATING ONE POWER OBJECT FROM ANOTHER POWER OBJECT

Swami: So he ate the flowers? I don't have the guts to make a comment on him. Some objects will play. Statues are also power objects. It is a power object. But you need to know how to get access to it to create one power object from another power object. That's a link with the soul object. You only can create a soul object when you have a power object already. If you didn't have your soul object in your life, it's very difficult to protect your soul not to get disturbed with the crazy environment of illusions, crazy vibrations. Nowadays, amazing pain is running. You'll become a kind of sponge. If you throw the sponge in the water, what happens? It sucks up. You should be a kind of lotus leaf. If you throw your leaf in the water, what it does? Never gets wet.

SOUL OBJECT GIVES THE BIG PROTECTION TO YOUR LIFE

Every spiritual person should be like that. Nowadays if you walk, if you see any person's life, if you see 1000 people, tons of up and down, pain, suffering, suffering. So you need to protect yourself. You need a soul object. Once you have your soul object, done. Nothing will disturb you. Maybe you might think, 'Swami, once after I entered spirituality, I lost my wife, I lost my money, I lost my house, I'm not happy. Who says you're not happy? Who says you have problems? Big purification is running. *Once you get purified, even if you don't want something, automatically whatever you need will come in front of your feet, 'Have it.' If it's not happening it means, still the purification is running.*

So majority you need to concentrate on your power spot to receive your energy. Then try to use your power object as strong as much as you can. Like you can ask Baba's statue blessing, you can ask with your own mala, 'Hey, I'm carrying this problem, take care of it.' You wear it; you see the difference. Awaken that. Make a little sankalpam. Try to make yourself know your soul. Then connect to the power object; create the power object.

The beginning days I don't care about soul objects, power spots, anything, just I want to be in pure vairagya and stitha pregynatata, to be in the bliss, to be completely in the silence. Like what Meher Baba did. How many years he did? Monika?

Monika (Mataji): I think he lived most of his life in silence.

Swami: Why he was in silence?

Monika: It was his master's order. It's my understanding he told him to be in silence.

Swami: Virginia, approximately how many days can you be in silence forcibly?

Virginia: I think I can do one week.

NOT POSSIBLE TO ALWAYS STAY IN VAIRAGYA – YOU NEED TO COME OUT TO DO YOUR DUTY

Swami: I wanted to be in the stage of silence...no talking. It didn't happen. My commitments are different; I have to talk. So the inner mechanism of Meher Baba, making himself in silence, very quiet, he was creating everything in one form in his body. His body was everything but he always said one statement, 'Don't worry, be happy.'

In spirituality, when I started, several staff depended on me. I need to take care of them. I needed to feed them. On that day, there was one security guy, one pujari, one driver, two to three cleaning people. But I needed to take care of them. One day, eight, nine years back, clearly I remember, I sat under my tree, the cook came, 'There is no rice today, Swami. There are no vegetables today.'

I asked the driver who kept the money, 'How much you have?' He said there was nothing. Okay. 'If we sell our car how much comes?'

He said, 'You'll get a fair little money, no problem.'

Then I told to my driver and security guy, 'Can you go in the village and get a little food?' They looked a little sad. They didn't give an answer, just they left. I was smiling to myself. 'Why you're giving me this position?' A matter of 30 minutes later, a big van of Japanese came, 42 people. They wanted to see me. They came with huge bananas and flowers, a big donation.

Antony, the driver, all the guys, their eyes really opened up, 'Okay, something's happening.'

At the time I didn't want to give interview to them (the Japanese). Simply I told Jai Chandra, 'I don't have the mood to give interview to them. Tell them to go away.' I was in the bliss.

Anthony has a little guts. He came, 'You really want to kill us with hunger? How long? You have to work for us.' First, ooh, ah ohhhhh! Okay. Then I walked, then I sat here, then I gave an interview. I got several lakhs of rupees then it was done. Then I got super angry with myself, 'Why do I have to work? Why do I have to work? I'm in the deep process with a lot of things, not attachment to material things.' I'm not attached. Then I went to my Shiva mountain cave for meditation for 41 days then I got the total clarity, 'Do your duty. Wake up, do your duty.' Why I'm saying this, Monika?

Monika (Mataji): You're making the link that you couldn't just stay in vairagya, that your duties were important. Your dharma and your duties wouldn't allow you to be the silence, in vairagya.

Swami: Clint?

Clint (Nityandaji): Because we also have duties, the whole thing silence and bliss and divine awareness, we also are not here to enjoy that selfishly, we must work as well.

DO YOUR DUTY THEN THE MASTER'S DUTY IS TO TAKE CARE OF YOU

Swami: Exactly. For example, Lothar came to me or Virginia came. She said, 'Swami, what I should do now?' Do your personal process. Whatever personal process she has with me, she had to do. The most, most, most, most important thing is for you keep doing your personal process, then the responsibility to take care of all your thing is the master's. That's his job to take care of you. You're doing your process. But there are only certain things I can do. If you're really starving, you're really thirsty, I'm not the person to give the water to you. But if you're really thirsty on the soul level I'm the only person to give it to you. If you have complete 100% faith on your process, then automatically you'll receive all the protection from your power spot, from your power object, and once you made your soul object, done. If you know your personal mantra is strong, you did it, you can pull the things in front of you.

I helped one company, some guys, two months back with some herbals. They gave a half million dollars to me as a gift. Guess, Clint, what I did with that money?

Clint (Nityanandaji): You gave that away completely.

Swami: I don't want it. Of course, I can use that money and create something but the money came in a funny way; it's not the real hard work, just my knowledge. Then I gave it back for the poor students to build an engineering college. Then karmically I'm free. Karmically, I am? Free. If I use that half a million dollars for my own selfishness, or create some paradise here, something for everybody, I'm in trouble. I am in trouble plus every soul who also has a power spot here, you're also in trouble. *This is also your soul house to protect.* To protect this place's vibrations, this place as purity itself. For example, Monika wanted to put her soul object in her body, I could say no, but why I should say no? That's her life, she wants to keep it that way, okay. She's not stupid; she's mature; she's read tons of books; she been in spirituality 27 years. So it's a big deal. Why I'm saying this, if you involve with somebody's personal process, you'll get disturbances to your power object, soul object, power spot. You'll get the negative vibrations; you'll really suck negative vibrations like a sponge.

DON'T PUT YOUR ATTENTION ON WHAT OTHERS ARE RECEIVING

For example, what's Simone doing? Why's Swami talking to Simone since two hours? Something he's giving, an experience, what? Why are Clint and Swami talking in the Shiva cave? If you put your attention there, you're in trouble. What you need, I know it. What I need to give to you, even if you don't know what I'm going to give, until you receive I have to find the way to give it. You got my point? Hello? Chinello, what you got? Tatyana?

Tatyana: You said you know exactly what you have to give to us, and until we receive it you have to find a way to give it to us. You have to find the right moment to hit the person's soul to give what you want to give to that soul.

Swami: Is it true? For example, what I'm carrying, a lot of problems with the student kingdom, with a majority of the students, if I want to go give shaktipat, she doesn't want shaktipat, she wants to spend time with me, a kind of funny energy is there. A layer of energy is there. I notice that. Clint, if you're in my position what do you do? For example, you want to give shaktipat to Virginia. Virginia likes your lips, she wants to give kiss to you. Sorry. She doesn't care if you're an avatar, if you're a knowledge person, just she wants to hug you, she wants to give a kiss to you at least. What do you do? But your duty is you really want to help her, to bring the spiritual awareness.

Clint (Nityanandaji): I wait. I don't do anything. I keep my distance. My duty is to give something divine and she's not ready to receive it that way. I still need to give it, I have to somehow stay connected but at a safe distance where it's not polluted, it's not lost.

Swami: If you stay distance it means you're doing the crime, wasting the time there. Lothar's the right person, what do you do?

Lothar: I know from experience. I made that mistake.

Swami: Mistake or mistakes? It's plural not singular. Plural.

Lothar: It was very difficult to know the power is there but to fall for the kiss and then the power went. So my decision is to stay away when that energy comes. But still I know it must be given. So I don't know, like Clint, what might be the right time. But I know from my mistakes in the past and I don't want to repeat them.

Swami: Brett? Can I talk about you?

Brett: Yes, Swami.

Swami: He came one time to me. He came here to learn something in spirituality. I'm happy. One time he came, just I'm on my chair, his face turned red, 'Swami, can you do a favor? I fell in love with Olga (now his wife). I don't care about spirituality; it's too much to me. It is too much. If I get experience or not I don't care, I want her.' What can I do? Am I right?

Brett: Pretty close, yes.

Swami: Okay, tell in your words. Everybody likes to hear. I love to here.

Brett: I didn't say I didn't want spirituality. I wanted both. Yes, I fell in love with her and I needed your help, Swami.

Swami: You didn't say you don't care if you get experience or not? Maybe I heard wrong. I'm not blaming you.

Brett: I don't remember saying it exactly like that.

Swami: That's smart. When you fell in love you were really doing your sadhana properly?

Brett: I think I was doing my sadhana properly, yes.

Swami: Why it took that much time to think to say?

Brett: Making sure that, yes. I think I was doing my sadhana properly.

BE CLEAR WHAT PROBLEMS YOU HAVE, CUT THEM & STICK ON YOUR GOAL

Swami: I'm telling you, guys, we're humans. Clear. Same time, there is much difference between the animals and us. It's clear. Same time whatever you do, the mistakes, I understand the feelings of humans, the attachments, that's clear. A person loves wine. I'm not against that. A glass of wine after you done your work, I'm not against it. If you're not hurting yourself, your health, hurting somebody, enjoying your life in a beautiful way, you're not committing any crime. When you're giving disturbance to somebody and you're enjoying through that, that's a crime. You lost somewhere and you want to achieve something great, that's a problem. It's a very simple thing, very important. You got lost somewhere but you want to powerfully reach your destiny but it's very difficult. Just make sure what problem you're really carrying. Whatever problem you're carrying, cut it, trim it. Then stick on what your goal is. The goal is the process.

#1 point: 'Swami mentioned 10,008 chanting your personal mantra.' I really appreciate you're doing it and following Swami's order and message. If you're chanting that, I'm not getting anything but you have to chant your mantra for yourself. When I said it you have to do it happily. That's number one point.

#2 point: Having confusion, terrible confusions, 'Maybe I'll get success or not. Since 30 years in spirituality I lost everything, my kid is fighting with me.' You're secretly doing hidden things underneath and you're projecting on the master in a very charming way. You'll never, ever get success. The Big Boss' (Jesus) students got super crash because of their lack of confidence on the master and because of their lack of confidence on themselves they behaved funny. But they had very great love on him. Do you understand? Those are major blocks. Try to believe first in yourself, yes, you can do it. If you aren't able to do it then tell, 'Swami, I'm not able to do it.' Whenever you have a chance, the time to talk to your Swami, you can explain, 'This I did. What will the result be?' Many times I don't have the guts...when I went to Hyderabad... Of course, I'm in a human body, whenever I do some funny stuffs in the movie field, a lot of funny characters come, if I was at a party, then I drop my car here, if I look at him (Baba), I'm little shaky. I go to that door (south), take a shower, come back asking forgiving, 'Sorry.' Clean.

BEING TRUTHFUL WITH YOURSELF – CLEARING YOUR INNER CONSCIOUSNESS

Convincing yourself, making the inner consciousness clear. You know what the inner consciousness is. You're not being truthful with yourself. To be in a party, is not a crime. You're born in a human body to enjoy what's around you, certain things, yes, it's not a crime. But where your dharma is linked with that and is a little overtaking that line. You know what I'm saying? For example, Shirdi Baba was sleeping on the brick every night. Many people thought he was crazy, avadhut, very angry, beating the people, black magic guy, he was doing kandhana yoga, taking the parts and refixing. But he never ever took the brick away, only used it as a pillow. Do or die, linked with master. That's called Guru Parampara. That's why always he says, 'If you look at me, I'll look at you.' If you're here doing your personal process, then the majority it's the master's duty to create all the things in your life. Majority things will come true in your life. That's the master's duty to take care. He's here for you. I am here for you. There's no doubt on it. But you are here not to drive yourself crazy and driving me crazy. I have all senior most students' letters, tons of letters. One day I will show Tatyana's letters. It is like this much file. Thanking letters, depression letters, confusion letters.

Tatyana: I didn't remember I gave you that much letters.

Swami: That's why I'm saying it. When she did the process, some speech in London, she sent some beautiful picture of some kind of spirit hanging in the sky. And I knew Monika was canceling her trip to London. Tatyana told me before when I was in Germany she was holding a little friction there. I was flying to America, okay, Monika is giving a talk in London, no problem. Then I came here, Monika was not going to London, she (Tatyana) has to go and give the talk. Tatyana convinced me how many times not to talk. Tobias? (15 to 20 times) I told her to go and give a speech whatever her knowledge. Then when I was in India, she was in Greece somewhere at the beautiful ocean, ah ha... I'm hearing it. A few days later she had to go in London to give a talk. I didn't want to tell it straightly to her. Simply I said, 'Anyhow try to be prepared for one hour to give a talk in case Monika cancelled.' Is it true?

Tatyana: Yes, it's true.

Swami: And finally you went, did a two days job. Good. Why I'm saying that, I know you can do it, anybody, certain things. Don't worry I'll be with you. What were my final words that I told you?

Tatyana: Prepare for one hour and don't worry I'll come in you and talk through you.

Swami: What do you need more than that? I will speak through you. Just you be there, show up. She bribed me 15 times, deals, bringing the best wine to me, beautiful scarves, saying she doesn't want to give a talk. All kind of ... I'm seeing her fear, okay. If you want to learn swimming, you can't learn outside of the swimming pool, just watching taking the notes how to swim. If I really turn as avadhut, without notice I'll just throw you in the swimming pool. Not even telling you, just pushing it.

In my childhood days, you know how I learned swimming? I was an 8, 9 year-old boy. I'm watching all my friends there. We have big well. One master guy... I was a terrible fearful person to the water. Just he came, 'You don't want to swim?' 'No, I'm fine.' Next day, next day, I dragged the time. One day without my notice he came my back and he threw me in. Then he jumped and he pushed my head underwater. Then he took my hairs pulled me up. It's done. Then I had little sticks around the arms, jumping again, learning.

NEVER TRY TO PUSH THE ENERGY TO GO FAST

So, be in clarity. If Swami's given the process, there's a reason why he's given it to you. Even if you didn't get the mechanism, there's a reason. And never, ever push it yourself to forcely to get that. You understand? Never ever push it to get that fastly. That's a big problem you're carrying. *Certain things are always possible to change.* Always possible. But at the time, whenever I'm having a hard time with some crazy people, with the different, different energies you're stuck here and there, I have to play my role. If you're really stuck in the illusion, I have to come as the illusion to your stage.

When somebody's seeing on the surface, 'Oh, what's Swami really doing there?' That's not your business. I'm all the way down there in his illusion to bring him up. It's clear.

But you have to know the value of power spot because everybody made your power spot here. He's (Baba) the number one take care of this place. Number two is the Boss (Jesus), and 3rd person is also taking care. Same time you should never, ever ignore your power spot. It's almost all like your soul spot. Even though at the moment you can't believe it, by grace of him I will guarantee... even some things I guaranteed that didn't happen yet there's a reason on it. But this time I will try. How the souls can play through the power spots. When certain things were happening last night, there were five ladies I told what would happen. Who are the five ladies? Did it happen?

Student: Yes.

Swami: You seen it?

Student: Yes, like you said.

Swami: What do you need more than that evidence? Evidence of the power playing.

Student: She tested it by tasting it but she could tell by smelling it.

Swami: But five people take care of one thing, isn't it? That is the prediction. If you five guys didn't help it, it's gone. Is it true?

Student: Yes.

Swami: Of course, I'm there. I won't make it go away. If anything is happening...my biggest problem, my biggest addiction is success. I never, ever allow failure. That's my problem. It's a problem? It's a block? Ganesh?

Ganesh: I have the same thing attitude. I don't like failure too. There's always a solution. With the help of Baba if you have patience you can get what you want. Even if you fail one time, two times, you will get a third chance.

Swami: You have to keep in the positive, you'll do it. Step-by-step something happening in your soul, keep the strength, all the time awaken, you'll hit it. 50% so far the energy is moved; still 50% the energy is there. So try to cooperate. There are pretty good mechanisms you need to receive this time. We'll talk again the depth on the soul objects. I will show one of my soul objects tomorrow and how it's very interesting thing on the planet. So, since thousands of years it been walking with me...on the day with Big Boss.

Tomorrow some interesting thing I'll show. So the big punch is coming to the spirituality in a beautiful way the ancient technology, ancient information. So be open for it.

Tomorrow at the fire puja I recommend everybody chant the Sky mantra. From tomorrow onwards the Full Moon energy is powerfully starting. The Moon energy, Full Moon, always likes the lotus and the white flowers. So I recommend to offer a lotus flower to Baba's feet or just throw on Baba whenever you can, or the white flowers. Go to Shiva Cave and touch your forehead, your 3rd eye to the Shiva lingam.

Majority tomorrow, doing Sky mantra, minimum 5 hours, maximum 18 hours. You drop whatever you're doing any prayers. By tomorrow morning you're picking up only the Sky mantra. Not even your personal mantra. For three days majority try to maintain the silence. The seva group try to do a little work, talk, then be quiet. Be healthy, strong. I heard the food is not that much good. If you're not adjusting, try to go with fruits. Anyhow take care of that, guys.

Since two days your Swami is under fasting. Since morning I didn't have anything because of certain processes, just coconut water. Tonight is the big day too.

WOMB CHAKRA

SHIVA SAI MANDIR

JULY 8, 2006

Swami: How was your day? How much your process is running? Going smooth? Hello? Still which group is pending, guys? Shiva lingam process, Dwarkamai group? How is London group, Monika?

Monika (Mataji): They seem to be doing very well, Swami, very happy.

Swami: They are? You think so?

Monika (Mataji): I didn't see all of them but the ones I saw were happy.

Swami: Yesterday where we were, in what subject, Clint? Power object, power spot, soul object, personal mantra, personal process.

Clint (Nityandaji): Then finally you said the student's only real job is to focus on our own personal process. And if they truly focus only on their own personal process with inspiration, then it's the master's job to take care of the other four levels of importance: power spot, power object, soul object, personal mantra.

Swami: What is meant by Bhairavi Yogas, Monika?

Monika (Mataji): My understanding is that it's especially connecting to the Shiva energy. It's having to do with the union energy, with the male and female energy. And, in particular, the woman's energy, how the woman's energy at the higher stages can really help to lift a man to enlightenment and show certain things through that union, by pulling certain energies.

Swami: Is it true, Clint?

Clint: Yes, it's involving the union energy. It's involving a yoga with more than one person, interacting at the level of the soul. It does utilize the unique power of the creation point of the woman, the womb.

Swami: Um hum.

Clint: It's a hidden unknown knowledge on the planet.

Swami: Hidden? Is it hidden, Tatyana?

Tatyana: Yes, that knowledge is not shared publicly.

Swami: I'm thinking how to put this knowledge and concept in a beautiful way. But it's very sensitive and very important. It's very sensitive subject but it's very important subject. But we'll see.

I hope you understood yesterday the few concepts I told. Then another thing, the fastest, the most powerful karma that they used in the ancient day is the mother's womb. The mother's womb, every creation, every soul is linked with the mother's womb. The whole karma is created by kama. Whole your take off, crash, anger, all blocks are from kama. How to control kama? Where is it coming from? That's a big question mark. It's under investigation since hundreds of thousands of years, even for the maharshis.

Even Vishvamitra Maharshi, who found *Gayatri Mantra*, who meditated several hundreds of years, finally got tempted. He was attracted then made love to a beautiful woman, then he crashed; he lost all his energy. Then, he wasn't allowed to reach his destiny to get to heaven to involve with all the maharshis. They kicked him out. Then he discovered *Gayatri Mantra*. He was the first person to introduce that mantra on the planet. Why he discovered the *Gayatri Divine Mother*, he manifested Her. He pulled Her. That one *Gayatri Mantra* is equal to the four *Vedas*.

You might see in your lifetime... Be very open; I'm also open today. A man is seeing many different types of women. Does it make sense, Clint? Of course, you're a doctor. Whenever the man is having too many women, after 1, 2, 3, 4, 5, after a thousand women later your soul will start to get disturbed.

That's a spiritual law. That is? Spiritual law. Three times if you got heartbroken pretty good dead is in you – your soul is pretty good dead.

Vishvamitra Maharshi, only fell in love one time just for attraction. Just he was attracted, he opened his eyes, there was a beautiful woman dancing, a huge illusion hit on him. He did the stuff; he lost it. What he lost?

So to control the kama energy, you really need the strong connection to the mother's womb, you're real mother's womb, both for the females and for the males, it doesn't matter. It's a union – you can't say either this or that. How to win the mother's womb? That's a big subject on the planet. If you go back again to the power spot, your soul comes out, receives the energy, it will go back to the next incarnation. If I drop my body, I go to my power spot, I relaxly stay there. Then again whatever the decision comes, 'Go back next lifetime. Take in charge certain works.'

When you're carrying a lot of problems, guys, in your life, a lot of karmic actions, reactions, unbelievable bumpiness, it's linked with kama. But there are a lot of saints, a lot of maharshis, a lot of gurus, who put a standard law. Many say, 'Yes, you meditate like this way you'll get levitation. Be celibate, be a monk, be a sannyasi.'" What is mean by sannyasi? Let's go this way? Brett?

Brett: I believe it means not to be married, not to be with a woman at all.

Swami: Is it true, Eric?

Eric: I think one time you said a true sannyasi is somebody who just focuses on their dharma. Only thinking on the Divine. They don't have to be celibate but they're always focusing on the Divine.

Swami: To be a celibate, how long, how far, is it acceptable to your soul and is not doing soul prostitution? Clint? If you understand this trick, try to be open and loyal, then a big majority of your life in spirituality is clear. Tobias, as a celibate how much you really get success?

Tobias: As a westerner?

Swami: Any person.

Tobias: Not very far. Maybe for certain years you can be celibate but your mind won't be celibate. You'll still have the desires.

Swami: There is a law, celibacy, who really maintains that...for example, Doug Borwick, I think he's meditating there near the fire. He started his spirituality before I was born, before I came on the planet in a physical body. He was a celibate a tons of years. And he followed – I'm not criticizing anyone's way of belief – he was doing some interesting process for levitation. He has to be celibate and he has to do this, do this, do this. What do you get if you're really celibate? That's a question mark. But if you went too much, with many, many whatever, then what do you lose? Or what do you gain it? Tobias? If you're under celibacy for a while, no way you'll win it on the planet. In spirituality, celibacy, 100% celibate, forget it! Any master, any saint, any avatar, what my experience is, I didn't see they're celibate. But also if you've been too many crazy ways as a Krishna³, then you need to pay a big bill. The bill of responsibility.

Whenever you had a kind of connection, attraction, a thought, it's a very sensitive type of soul magnetism. For example, Klaus saw a beautiful woman. He had a thought, 'Oh she's a beauty.' For 2, 3 days he's not able to sleep, eat, drink, all the time his thoughts are flowing. Those thoughts are giving disturbance to that lady without her notice. You know what I'm saying? A person is going a little bumpy and crazy, it means something is happening, somebody is too much thinking on you.

For example, today on me, how many people on the globe are thinking on me, are having my picture, putting a flower or a candle, doing a prayer or pranam? How many people, Clint?

Clint: I don't know. In the West, a few thousand. In India, there could be a hundred thousand in India, this whole district.

³ with many lovers

Swami: That much 100,000 people every day they're looking at my picture and thinking on me, how do I react? Whenever you're thinking on somebody very strongly the energy automatically makes you'll feel something. Without your notice you start to feel something, 'oooh.' This many people how you really think? You'll be up and down shaky? That's why you need to maintain the vibrations to the mother's womb.

Each person – try to careful here of my point – even if you had three wives in your life. You disturbed three wives. Fourth wife you have. You left your two children; you walked away. You changed seven girlfriends. You changed seven boyfriends. You did funny stuff without your husband knowing. You're holding such type of crazy feelings and you're torturing your soul yourself. There's only one way to discharge that – to the mother's womb. It's completely the information... Until you're able to maintain that your soul is bluzzing.

I can't say the name, I saw one beautiful couple; the man is beauty, handsome, the woman is beauty. Somehow they got disconnected. The man fell in love with another woman. I watched it. It's so painful to the woman. The man doesn't want to fall in love with another woman, but he can't help it but he fell in love. What made you to fall in love; what energy bringing you to fall in love? What is the reason? What made you to doing that? It's not the kama there. Gary?

Gary: Thank you so much, Swami.

Swami: No problem. What things made you to fall in love? That fall in love we'll switch to the Divine how to handle that.

Gary: Well, in my personal experience it came from some place; it came from the Divine. I put it in Baba's hands to see what was really there and true love is there. There was no less love for Victoria. But something was there that was like nothing I had ever experienced before. Something that I didn't know about love. Something happened in my energy.

Swami: Okay, thank you. What is that something, Clint?

Clint (Nityanadaji): The desire for unity.

Swami: That's just attraction. I don't believe that.

Clint (Nityanandaji): Well, it's union with something beyond this Creation but we're in an illusion. But we have a desire for union with God with union with the truth.

Swami: Don't divert the subject. What is the something he didn't feel, he lost that, then he found something in some place, some energy. What is that something? As a senior student I'm asking? You know what I'm saying? Hello? I hope the Germans can understand my English. It's really especially helpful to you guys.

Clint (Nityanandaji): Love.

Swami: Do you want to tell, Kirsten? Then your problem is solved. Your spirituality pretty good you jumped.

Kirsten: (*couldn't hear her clearly*) I think he found in Monika the Mother's womb again, that energy that you connect with always.

Swami: Something close, try.

Kirsten: (*couldn't hear her clearly*) I think we all want go back to the Mother and finally we will go back to the Mother's womb. Monika created a lot of the Mother's energy inside herself. It was not as much of the attraction to her as a person, it was more to the energy or to what the Mother's womb would pull him towards. I don't know how to put it in words, Swami.

Swami: That I'm also breaking my head to put in words. It's a very interesting subject and sensitive subject. For example, let's say...we'll go this direction... Panchali⁴, she had five husbands. Krishna supported that. Why he supported a woman with five husbands? What is the inner mechanism? Finally, they all crashed.

⁴ Draupadi, who was married to the five Pandavas

The energy did not accept it. Even Krishna, he married, whatever the funny stuff, finally he crashed. He crashed. He was not a successful guy. No way. Krishna was not a successful guy. But he had a lot of abilities and a lot of stamina. *Because involving in different funny wombs then your soul doesn't know which place you can really be.* If you take the Pandavas, the five guys, they were never happy in their life. Even though they look happy but all difficulties.

Let's put it this way. Ravana was one million times more powerful than Rama. He has amazing access directly to Shiva. One time, he was with a beautiful prostitute. On the day it was the Guru Purnima Full Moon. He has to do some process to Shiva. I think I told this. He woke up at midnight; he couldn't find any Shiva Lingam structure. He was really breaking his head; the time is running out. Then he looked at the prostitute; she was sleeping. Then he saw her breast as a Shiva lingam. He went, he took the flowers, and keep offering them. He was looking at her breast, 'That's Shiva.' He has such a great strong devotion on Shiva. Put it that way, one part, good... he's a nice guy, one part. He did a good process, good. Then he had another thought to take Sita in his life. Forcely, he wanted to take Sita's womb in his life. It's not kama. Sita's womb in his life. He wanted to command her womb. Whole his kingdom, his life crashed. He's the man of powers; he could change Sita's mind like that. But he couldn't change the womb energy with any powers; zero chance, unless the heart is open there.

Some people, wife and husband, are doing their samsara, their normal life. His heart is closed, her heart is closed, but they have to live together. That's straight prostitution. Some corner you need to find the way to open your hearts, the womb chakras, to be acceptable to receive the mother's energy, to be open again. You understand? Simone, you understand?

Simone: Partially, not completely.

Swami: Number one, the disturbances you receive when you really played with funny wombs. Even females are thinking, 'What about us when we involved many men?' It's the same. When you get disturbed in your own crazy way, you can't suck the energy, you can't keep the positive vibrations in your body, you can't be a strong healer, you can't get experiences for certain abilities. Zero chance.

Another thing, I told in the Bhairavi Yogas, Saraswati was a prostitute. But it's not Her nature to be prostitute. The real prostitute is always eligible to reach any enlightenment stages. The real prostitute. She doesn't care about any feelings⁵ there. She or he, majority, she. That's why the Jains, Gomateshwara...have you seen the Gomateshwara pictures? The whole religion is completely before Buddhism. You can see all the way in our northeast the gopuram, next to there is a Gomateshwara Temple. It's from several thousands of years back. They are completely naked. They worship a naked person. What is the inner mechanism? Monika?

Monika (Mataji): If somebody stays completely naked there really is no kama energy.

Swami: Is it true, Simone?

Simone: I didn't understand that. We can't hear it also.

Swami: That's a good answer. Is it true, Sabena?

Sabena: I'm not sure about it. (Can't hear the rest)

Swami: Eric? What is the inner mechanism they're all the time naked, and they worship the naked person?

Eric: I think one part they're showing that sexuality is not important to them. And they're staying in that is also maybe as a pure child. A naked child like from the mother, it's not sexual.

Swami: I'll give the channel today, to make your soul naked. You only have the feeling for in your womb for like a soul mate. How many women you love in your life?

Student: Six.

Swami: That's all? Not this year.

⁵ No attachments

Student: Six and a half.

Swami: What's that half? Tobias?

Tobias: Three.

Swami: Eric?

Eric: That I really loved? That I actually loved was five.

Swami: Martin?

Martin: Three.

Swami: I don't believe that.

Martin: Three women I really loved.

Swami: How many women you been with in your life?

Martin: You know with how many hours together? I have very deep heart feelings to two women before and now with my wife.

Swami: Of course, your wife is here you can't talk openly, that's a big problem.

Clint?

Clint: Six.

Swami: It's not convincing me. Nobody's answer is convincing me. Of course, when I saw the women's list and the men's list, when we burned the coconuts, that Sheshwara process what you done, guys, that's majority...

Whenever you disturb somebody's heart or their soul, you're responsible karmically in all angles to take care of that soul. And you should not yourself hurt your womb chakra; keep it strong and powerful. You see somebody very soft and they're very powerful because of their womb chakra is so powerful. All the kama energy is raising up and giving you the disturbance. It's not having energy in the womb chakra.

I'm going to draw the womb chakra tonight. I really recommend that every person should learn that womb chakra. Every Full Moon timing you're drawing that on a piece of paper then you're burning that. Somewhere in front of a fire, sitting near a fire, drawing it and burning it. The fire element will make those prayers accessible to your womb, that mantra will keep you healthy the rest of your life not giving any disturbances. Even whatever you've done so far, it also takes care of it. Many people I already took care. The womb chakra needs protection.

For example, if your womb chakra is very strong, even though somebody is your best friend's wife, you want her, you can change her mind, because your womb chakra is very strong. When you change her mind, when you pull her in your life, then you destroy. There's one channel but I don't want to release that channel until the right time comes. But so far to get the protection, you need it.

How much you have clarity, guys, about what I'm talking? Any questions? Go ahead?

Student: I'm confused how a man has a womb chakra.

Swami: You went with six women, you disturbed those six wombs – that's your responsibility. If a woman had 30 men, 30 times she disturbed her own womb energy. Then there are 30 big walls you need to break them down to see what is there next. But if you are totally a celibate, your mind is zero. You will never, ever get any experience in your life. There's a law – those who didn't have the union energy it's impossible for them to take off in the enlightenment stages. You understand?

Student: It only concerns partners or also your own mother who gave birth to you?

Swami: Only partners. But we'll go later the depth with mother's womb, then the real Mother, Mother Divine.

Hassan: Does it matter how you've been separated with your wife or just the contact?

Swami: You been with one girlfriend, it's good. Another girlfriend is there; again, you love her. The two wombs you badly love but you want to stick with another womb. Then the two wombs are driving you crazy. Where you need to go? At a certain point, you have to choose one womb, isn't it? Clint?

Clint: Yes, Swami.

Swami: At the time, the information I'm going to release, this yantra will help you to cut off one womb. You disturbed 20 wombs in your life. You don't know what's really going on in your life. You completely gave up. You're 60 years old. You didn't get married, why? There are three reasons: 1) you don't believe women 2) you don't believe on yourself 3) you don't like the woman's energy.

When we come to the beginning stage...we'll discuss my personal life tomorrow. They are very interesting angles. How pure you keep your womb chakra... The concept this Guru Purnima the Full Moon timing, I want to prove two, three things how the energy... We'll demonstrate here or in the Jesus Temple, one or two experiments. It will blow up each person's mind. It will really blow up.

The whole Creation is there. A Creation keeps going on in you. You don't need another Creation. That's why after Vishvamitra Maharshi lost his energy in a crazy unnecessary way then again he could meditate and manifest Mother Divine. Yes, you can manifest a physical body. You can manifest a Shiva lingam. You can manifest sand to sugar. You can manifest from statue another Shiva lingam. You can produce one power object from another power object. You can do distance healing from here to any person anywhere in the planet to any country, any city, any town and switch their mind. Yes, the channels are there. Possibilities are there. It's only possible depending on how pure the womb energy you're carrying is. How do you need to protect your womb chakra? You got a super crazy disease. Health disease means you disturbed your womb chakra. A snakebite has happened, you need to heal it; just go hit the womb chakra. A person got heartbroken ten times. Hit the womb chakra. The creation chakra, hit it, make it fresh again. Now is it clear? *So, the whole the energy is to change the kama energy creation hidden in your womb in a positive way.* That's the process.

The Big Boss, Baba, whenever he sees soma... What I experience I had with him, he was a very pretty open person, a very open person. One time a prostitute visited him. She had a huge infection in her womb place. She came, 'Baba, please take care.' She was a prostitute. Hundreds of devotees were sitting and he was taking ash and cleaning it and making like a decharging there through the ash. He was giving the treatment. On the day they kicked the leprosy person. They had crazy feeling they should not touch a leprosy person. Baba carried the leprosy person in his arms and put him in the Dwarkamai for first time. On the day, Baba lit his fire with his supernatural energy. Then he saw the leprosy person's womb chakra energy from many, many lifetimes what crazy, crazy souls he done, how many souls he really damaged. And he was suffering today like that way. He paid his bill. Finally, he was here. Then Baba made him to get relief.

Not only did you interact with your bodies, at the same time how you really interacted with somebody's life, that part also affects to your own womb chakra. Then you need to pay the bill. You have to pay the bill.

Jesus Christ, what commitment he had with the real Mother, he wanted to bring the real information on the planet; he wanted to know life and death. No matter what, he wanted to know life and death. Then She asked, 'Do you really want to know life and death? You want to know all the information that exists on the planet?' That's not a joke, to bring the information to the planet, the supernatural information. That's not a joke. He made a deal with Her, 'Okay, you can do anything to me, I want that.' Then finally, on the day, in the nature, the Cosmic, he was responsible for millions of people to come out to experience the information. He really suffered for us. That's the truth. He accepted the kandhana yoga. On the day, he went on his suffering. But it was not suffering; he was enjoying the suffering as a beautiful way.

If you feel, 'Oh my God, Swami, I have heartbreak.' It's not heartbreak. That's some bliss you received that way. Even that bitterness try to accept. Why do you feel it's a pain? Why can't you think that's happiness. Simone, you understand this?

Simone: Yes, now I understand. Swami: Now you can hear it. So, accept that way.

THE TIME IS COMING SOON WHEN MANY SOULS WILL BE LIKE JESUS

So Jesus committed then he suffered. Somehow too much time is dragging... 2,000 years is over, the clock is like that, now his time is coming. *There are tons of Jesus' coming back. That's a golden statement on the globe. To demonstrate equal to what he did, more than what he did on the planet.* It's coming very soon, a big powerful time, that's my huge mission. It's only possible...waiting, waiting, waiting until you're really understanding me and I'm really understanding you, to bring you to a certain stage in a beautiful way.

To me, I don't even know how to type on the computer. I'm very serious. I don't even know to give the SMS. They bring very beautiful phones to me. If I have a 'missed a call', I don't know how to go to get that 'missed a call'. Then I have to ask Terry, 'Somebody called. Can you see who is that 'missed call'? My mind doesn't want to go that way. If I really want learn – it's not a big deal to me – a few months if I really sit, I can straightly email and communicate with you, but I don't want that. Just everyday I sit six hours in my office. Don't ask what I do; not on the phone. I play one song almost 5,6 hours. The song keeps running. Then I keep thinking going over all the scripts, scripts, just feeding it back, feeding it back. Even though my wife is a little bit screaming, 'What are you doing? You sleepy? Go and sleep.'

If she's really a little bit crazy I put her in the trance, 'Sleep.' Even though I put the huge volume up, done. Sorry, it's not a crime there's a job to do. Whenever I'm working sometimes Terry and Thomas they come. If I ask a little question to Thomas, 'How our cars are working, any cars need to go repair?' I need like a one or two sentence answer. If it takes 10-20 minutes during that auspicious time... Last night he was talking for five minutes time and he was still talking. After ten minutes, 'Go and relax.'

The point is, maintain your vibrations. Maintain your womb chakra. Try to think you have some dharma, you have some duty on the planet. Don't die like an animal. There's no use if you die like an animal. Don't get sickness for crazy stuff that you did with your actions. You will receive the reactions. You are responsible for all your activities, even with your notice or without your notice, whatever you do will come back with interest. I keep saying it.

Jesus Christ committed with Mother Divine, he suffered for us guys. He made a deal with Her. She's fulfilling the deal. If you get confused again, like his students on the day, you're lost; you're really lost. Once if you're really lost I really can't come back to pick you up. I don't want to waste my time. Try to think. I'm very serious. I don't want to keep you as a prisoner here, like you don't know what you're doing. So try to also be aware what Swami's doing and teaching here. I don't have any bad intention to put you in a wrong direction to keep going, no way. No way. So, any questions?

Lucia: Kama chakra and womb chakra is it the same?

Swami: Womb chakra is completely different. It's beyond all chakras.

Lucia: To make your womb chakra strong you said we can have abilities and powers, but does it also increase your Brahma Consciousness?

Swami: If it is strong, that is everything. If it is strong, done.

Lora: Swami, can you talk about about heartbreak. Two times after I connected to Mother Divine I had heartbreak. I think also there's a mechanism that connects to the Divine. Can you talk about that?

Swami: Try to command on the womb chakra then you can really take care of your heartbreaks. Just simply I said if you feel it's a heartbreak... You are a spiritual person, you are the person to give the light to somebody. If you're in the dark how can you give the light to somebody?

Lora: But you said that Jesus felt the pain.

Swami: He had a DEAL with Her. HE HAD A DEAL. HE HAD A DEAL, 'I want this, I want this.' She asked for that (his payment). I, even now, several times I've offered certain things. But there's no need to do that way. I made the deal like that.

This Guru Purnima I'm finding my way, which angle to make your souls come up to connect it. Even you don't want to do certain works, the divine energy will use you for the good works and make in you the good knowledge, good hobbies, good habits, for you to do in a good way.

Two days back, I had a thought, 'I want to a little bit drive a motorbike.' Then I asked my staff, 'Why can't I drive a motorbike? Almost ten years back I drove a motorbike.' Then they delivered it last night at 2:30 a.m. I started my motorbike, then I went near to the security guys. They're watching; they're all laughing. I can't go in the village, to the movie and the hotel and just... That life is gone. You know what I'm saying? Swami's life is this mandir, these four walls, this compound.

Of course, I love to travel and see. Even if I go to America I never go for sightseeing. What is the use, my body just to go for the sightseeing? First time I took a vacation last time during London program. Three days my wife forcibly took it. 'Okay, let's go.' Did a little shopping here and there, then again I gave my program, came back. So once you made your deal, your commitments, do or die, you want to do this, you want to do this, wait for and opportunity; it will come, it has to come. If you walk one step toward Baba he walks nine steps towards to you. Because the law is changing, it's becoming very easier. It's coming very easier.

So tonight, or sometime draw that chakra here. In your life no matter what, you should learn that yantra. It's not that complicated; it's important. Chant the mantra 108 times every Full Moon and draw the yantra on a piece of paper in front of a candle, then you're just burning it. And also, you can keep one on a silver sheet in your room. Whenever you're looking at that, automatically whenever you're chanting that, your kama energy is getting less and is not going in a negative way, not going in the wrong direction, like Ravana-sura. Tobias, you understand? Any questions?

Student: How do we know the purpose of our life and our connection with you?

Swami: I don't know. What do you think?

Student: I'm trying to find out and I thought you might be able to help.

Swami: If you want to know me, you'll know me. It's not a big problem. It's easy. But if you want to know yourself, that's a big deal. I'm a mirror; whatever you put in front of, I'll show that. I'm a mirror.

Clint: It sounds like you can heal heartbreak, physical disease, anything, karmas, whatever problems in life, through healing the womb chakra? How do you do that?

Swami: After you learn that yantra then I'll give clarifications on it. It's simple. But I never ever go all the time to the womb chakra. My thoughts are on different chakras with each different person. Whenever I want to do something I take your personal mantra, I switch it and I add my personal mantra, take it. Lothar?

Lothar: Does the womb chakra have anything to do with the nada bindu? Is there a connection?

Swami: No.

Chinello: Does the womb chakra have anything to do with the three gunas? Is that the beginning of the three gunas?

Swami: No. The womb chakra is coming from many lifetimes what you're carrying with you, that energy, what we call essence.

Student: (*translated by Roman*) Before she was married then they separated and now she's alone. And is good for her energy to continue to stay alone, not marrying again, just staying alone?

Swami: It's up to you. It's up to you.

Student: Is there an influence to the womb chakra if you give birth to a child?

Swami: Yes. Yes. What I'm going to write the Jesus book that's one of the major subjects. In coming days, they'll get proof of any pregnant lady they'll love to do that prayer. By birth the child will come out very strong with high purification. If you know Bhakta Prahallada, the ancient story, Narada taught about Lord

Vishnu when the baby was in the womb. The mother can train the baby whenever she's carrying it. After 101 days she can talk to the soul. Even here this Guru Purnima one or two people can pull somebody's soul, you can talk, you can send back. We'll see some experiment.

Lucia: To pull the soul out in order to talk to it do you need the womb chakra energy?

Swami: Where is the soul in your body?

Lucia: In the blood or the heart.

Swami: Thanks. Clint, where is the soul in your body?

Clint: You've said different answers to that at different times.

Swami: Thanks. Try.

Clint: It's not all in the body. The soul is a link. It's not just here but it's everywhere, each part of our body is connected to our soul. There are doorways in our body which are more easily accessing to our soul – nine doorways.

Swami: So what is your answer? Give it to me straight in one line. Where is the soul in your body? Where does it stay at least majority in your body? Daniella?

Daniella: I don't know.

Aghni: In the womb chakra.

Swami: Aghni, if you put all colors in one box, into one paint, what color you get finally?

Aghni: Grey.

Swami: What? White.

Aghni: Color, yes, that's true.

Swami: Stop any more you painting! Why Shiva was holding the third eye? Why he needs the third eye? Is he really having a third eye? This Guru Purnima is *Womb Chakra Process*. By next Shivaratri what I'm giving, the third eye, creating your third eye. That's for the top, high-level students. Creating the third eye. You really can see the third eye. I'm not joking.

Chinello: I'm still trying to understand the inner mechanism of the womb chakra. If it's not the Nada Bindu and it's not the three gunas... I'm really trying to understand what is the inner mechanism of the womb chakra, how it can heal any illness. You said it can do distance healing. How can it take care of all that if it's working within the illusion with the creation energy? I'm trying to understand that mechanism.

Swami: You're here for university, isn't it?

Chinello: Yes.

Swami: It takes time. It takes time.

Hassan: Can we also use the chakra and mantra outside of the Full Moon time?

Swami: Yes. Yes.

Christine: I'm going to the Vishvamitra story. You said he crashed and at the same time...

Swami: He crashed then he created it. He refixed it. Do you think you guys all got success? Clint?

Clint: No, not yet.

Swami: Pretty good you got success. If you made your soul object means done, you succeeded. But fixing your womb chakra, creating your Trineytra, third eye, done. Done. Then doing some experiments. Then using that energy in a step-by-step smooth way in the planet.

Think of Swami's life since ten years until to now. Swami ever took a week for myself? You can take a counting of the days, okay every month has he gone for one week not being responsible? I'm on my duty 100% dedicated to doing it. I got the clarity; I'm doing on it. I'm enjoying the bliss in it. You think the bliss is, 'Oh no, I need to go Greece, oh no I need to go Paris, oh no, I need to go to the Himalayas.' I went to Himalayas too what is there. I have some experience. I went to Pashpanath in Nepal, they're taking the dead person's ash they're putting it on the Shiva lingam and doing the abhishek. Then I looked at that, 'Okay.' In Tirupati, I sat a couple hours in front of Lord Venkateshwara, Balaji, all diamonds and jewelries from his feet all to his crown. Couple hours. They won't even allow you to stand few seconds. I got special permission, then I sat kept observing him, noticing what is his energy. They're pushing millions of people but I'm allowed to observe what is there, I've seen them walking looking like ant by ant. Certain things I need to do to create strong levels for you guys. It's very nice for the majority of people to come and go and for one year of study. That helps you. I will really make you as a kind of sugar cane to get the juice out. Believe me, it will be really tough, just you are on the job. Every week there's a test, test, written test, questions and answers, sitting with me in lawn having a party, then teaching. Then I have my own peaceful time.

Monika B: So we can see your soul object?

Swami: What? If you want to come back tonight when I'm drawing the womb chakra, I'm thinking to draw it late night with a very peaceful mind. Because I don't want to do any small tiny mistake there, taking the manuscript, seeing it. If you quietly sit and drawing it, no problem. I said whenever I'm quiet and calm. When I'll become quiet and calm, Thomas?

Thomas: I would say probably about 5 or...

Swami: I think by 12:30 I'll start. It takes one to one-and-half hours to really fix it. You can come tomorrow and draw that.

Martin: What is the special link between the womb chakra and the soul in a person?

Swami: We'll talk tomorrow on that.

Roman: Why did Jesus have to pay with pain? Did he take Her pain?

Swami: What?

Roman: Jesus made a deal with Mother to get the Mother. And he had to suffer the pain, was the payment. It was the payment to take Her pain?

Swami: To take Her pain?

Roman: Yes, what is the sense he took Her pain?

Swami: No, he wants...you're not understanding the concept...he wants to bring the knowledge to the planet to make it available. The ancient knowledge – he wants to bring it. If you read the Vedas, Atharva Veda, completely all the miracles, all supernatural techniques, all the yantra, mantras, tantras, ghora, aghoras are there (in that knowledge). Out of four Vedas, one Veda is there (that has all these included in it). What we're carrying, it's 100% crystal clear evidence of the ancient manuscript information. It's not your Swami's own masala⁶. It's not my masala, no way. I begged, I tried, I screamed on some of my students to learn Telugu. I got failure. They learned a little bit but not really clearly...since years. It needs self-discipline. If you want to know it, you'll know it. The inspiration. Years I tried. I put tons of books in front of them, 'Look at, these things try to carry to the globe.' You don't need to talk about me, talk about this information and share with the planet. That's it. Whole spiritual belief system will change in a beautiful way. Shirdi Sai Baba is just 100 years, 150 back. Jesus Christ is 2000 years. That's very young. Jesus Christ is just a saint. What he did, the sadhana, Clint Thompson this century, you're doing certain process. After 1000 years later, still the people need to have access to what you did.

⁶ spice which is added to create flavor

One thousand years later you need to give your own style of method to receive the things. That brings clarity. Where is the clarity right now even in Buddhism, or Christianity, any religion. Are they giving the processes, all this stuff, where it is? They found it anywhere?

So, to worship a saint, no problem. Yes, Jesus is a big soul, amazing abilities, amazing characters he's carrying, whatever it is. Baba, he's carrying amazing powers, abilities, a lot of love... how he did he get it, why you didn't get it, how to reach that stage? That's it.

Daniella: When we make a deal with Baba or Mother Divine is there a guideline so we can make the perfect judgment to what we need to offer to receive what we're asking for.

Swami: I made a deal myself, 'In my life, at least I'll prepare one student as a powerful as Jesus, more than Jesus.' So far I made several dozen, a couple dozen people. But I didn't release the pin number yet. I cooked the beautiful dahl. I didn't put the salt in yet to make it taste good. See the point, it's up to you to make a deal for what you want. Some people, after you learn some knowledge and stuff, you go for name, fame, money. That's why I gave an indirect answer somebody offered me a half million dollars and I gave it away. I'm not here for money. No. But I'll take for what hard work I did for you. That is Datta's character. If I help you, okay I'm charging you this, karmically balancing it. Then I know what to do with that. Then I give it away or throw it away, I use it. It's not fair to ask? Brahma?

Brahma: It's fair.

Swami: Why it is fair?

Brahma: Because you're working for my soul, for my enlightenment and I should be giving in return.

Swami: Is it really necessary for me to receive, Ganesh?

Ganesh: No, I don't think so. You don't need it. You know how to get money in other ways. You're smart enough to get money yourself.

Swami: What do you mean?

Ganesh: I think you can get anything you want. You're also a very good businessman if you want. You hate it probably but you can do it.

Swami: Do you think I'm good businessman, Clint?

Clint: Well, at the level of karmas you're an expert. Absolutely it's necessary, Swami. It's all about balance. Everything is perfectly balanced. If you're giving something, then if that's not balanced it's still owed. Then with anything we owe we carry from other lifetimes the interest is there, so that's the value that we received. We have to absolutely balance what we receive.

Swami: You're right. Even to me, whenever I asked help of Baba, if I made a deal for a person for something I'm doing, 'Hey cooperate, I'm giving you this.' He doesn't need it but, okay, I'll give whatever form – 10 kilos of chappatis, 2000 rotis, 100 liters of milk, 30 cows, a beautiful silver chair. On the spot, I'm giving you whatever comes.

One time I went to Shirdi. I wanted to give something to him. On the day I had beautiful jewelries on my neck. Who is there with me, guys? How much jewelry I threw in his hundi⁷?

Clint: Three or four necklaces, all your rings and everything in your pocket.

Swami: Just he took everything. One chain did not go through. I'm trying to push it to go. I'm looking at his statue, 'Just go.' Finally I made it go. The heart is open there and I just want to give it. Give it. Even if I'm not giving it, if I had the thought I want to give it but kept it, I will lose it. I will? Lose it. It's the truth. You will experience that very soon. I hope you already got that experience. If you had a thought, 'Okay, I want to give this,' then not giving it, holding it – swaha. Different angles, you'll lose it. So think.

It's too late to his aarti. So tonight come free and relaxed. Don't disturb me. Then after the yantra, tomorrow you have by 3:30 make sure everybody has it on a piece of paper then you'll understand. By tomorrow, no matter how the time is late night, the womb chakra, the mechanisms, how to take care of that, we'll finish that. Okay? Thank you.

THE HOLY WOMB PROCESS

SHIVA SAI MANDIR

JULY 11, 2006

(These are the transcripts of the Holy Womb Process instructions as Swami gave them. In addition, there are the bullet points of the process at the end of the transcript which have been organized so that they are easy to understand. It is recommended to read the transcript, then refer to the bullet points of the process.)

Swami: Does everybody know you can draw the yantra in your mind? Who cannot draw that? Just the yantra. Take few minutes completely relax. Good. The most climax subject today and climax talk today. So try to carefully understand. It's simple and interesting.

I'm only giving the bullet points benefits:

The soul is hidden in our body in several places. Each time it's moving to different places but majority, the energy of the soul, the spark, is hidden in the...? A huge mango tree is hidden in the...?

Eric: Seed.

Swami: The seed can produce another? Mango tree. A womb can produce?

Student: Another human.

REFIXING THE WOMB AND SOUL USING VISHVASHAKTI AVAHUM

How to make your womb purified? What do you need to do? Different benefits using Vishvashakti Avahum.

For example, *Vishvashakti Avahum* I mentioned here. Come to this point. Look at your map (yantra). What I mentioned there. Between wife and husband who have any problems with kama, when they're in the union time try to chant this at least five minutes.

You been with 10 men in your life, okay forget about it. You been with 30 women in your life, forget it. It means whenever you have the union⁸... I put the link here (*see the link of the 3 lines of the center rectangle touching*). It has to link this place – sattvatorajo – three gunas, three layers. This totally is hidden the Vishvashakti Avahum, this spot. (*pointing to the yantra*)

So this sattva-tamo-rajo, the three gunas, whenever you've been with different people, whenever you have the connection between both, that is the right time you can purify. You don't need to be only wife and husband. Your heart is open to a beautiful girlfriend. Your heart is open to a beautiful boyfriend. Your heart is open to your ex-husband later after twenty years. Your heart is open ten years later to your ex-husband to refix the connection on the soul level, on the womb level, forever and ever, and also same time making the purification, you need to chant this prayer. Can even, pretty good, solve the problems.

It doesn't work if both aren't chanting the mantra. Doug believes that mantra, his wife doesn't believe that mantra. Both of you need to chant it. Only one side, it never happens. Practically you can test it. If you do everyday for 41 days pretty good you have success there. I'll show this yantra on the palm leaves, how they wrote it like huge, they wrote a kind of Bible. But I'm taking like super short cuts... the, the, the short cut.

⁸ making love

USING VISWASHAKTI AVAHUM FOR DISCONNECTING KAMA ENERGY

For example, hate to say, you're a bachelor, you have an addiction as a womanizer. Your heart is not open, but your body is really torturing you. You want to get out of that addiction. Chant this mantra. Then automatically if you want to avoid that addiction if you chant this then generally your energy never accept to go for crazy things. That's another benefit.

You did the terrible mistake. Your wife is really in trouble with you. She hates you; she doesn't want you, forget it. She's torturing you. At the time, take this same mantra, chant it bringing up whatever high kama energy you're holding, but not with the depression heart. You need to raise the feelings for her, then she'll automatically calm down to you.

Then another thing, on this planet, many millions of women are facing a problem, they have to work under one boss (male boss). Always the woman is facing the men attacking on her. If by accident one boss really tortured her, caught her and everyday is torturing her, using her in a crazy way, whenever you're under the trouble try to chant this. You can disconnect it. Clear on these points?

THE BENEFITS OF VISHWASHAKTI AVAHUM

Coming to the real benefit of this prayer in your normal life. Whatever problems you're having with the connections, disconnections, purifications, this is the prayer – vishwashakti avahum. Done. When you are on the job⁹.

MAKING THE WOMB A HOLY PLACE

The real benefit coming is how to grow the womb as holy place. On the planet, the womb means the most beautiful temple, the most holy place in your body, the most energy place in your body, the most clarity place in your body. To make that the womb as holy. For example, we consider this a temple because Shirdi Sai Baba is sitting here, isn't it? You created some holy thing there. Once you enter, some holiness is there. Once you entered, you felt it's a holiness. Whenever you represented your life in your spirituality, how you really bring that holiness yourself to the planet? That's a big question mark to all the saints since thousands of years.

SENDING THE ENERGY INTO A WOMB TO CREATE A BABY

So, many people, some religions, believe (that a baby can be created without a man) even in India. Rama was born from a fire ceremony. Dasaratha¹⁰ had three wives but no children. One god came, gave amrutha, nectar then after drinking that liquid the wives all got pregnant. Jesus Christ came; there was no man¹¹.

You know what I'm saying? Somewhere, it's a super, super depth angle. It's really, really difficult, but there's a chance; it's possible. So they created a womb that they could straightly send the energy to grow in. They created that holiness in a female character. On the day they discovered it. Before the Vedas, in the ancient tradition, without men the womb carried a baby. Jesus he came like that. But they didn't have the real explanation. This is the yantra.

So, grow this yantra very powerfully in your body as much as you want by chanting the prayer. Even if the gents think, 'Swami we don't have a womb but we need to be very strong.' I'm going to give the final prayer. Once you're chanting you can connect with your physical mother, even if she passed away, or if she's still alive, if she got operated on, still you can receive amazing energy to your soul. It's the only most direct canal, direct highway, to receive that.

⁹ making love

¹⁰ Rama's father, the King

¹¹ His mother, Mary, was a virgin. There was no male/female union that created him.

That's why I said it's very easy for the female characters – if the female did 14 years of sadhana and the male did 400 years sadhana – the females get it like that. Even with Jesus Christ the majority of his devotees are the ladies. Shirdi Sai Baba, when he was passing out, there was one lady, Lakshmi Bai, he gave her the nine coins of the nine devotions, nine ways you can reach him. It means the females have that easy an opportunity to grow your energy very powerful and very strong.

MANTRA TO PURIFY THE WOMB AND MAKE IT VERY STRONG

If your body feelings, your kama feelings are driving you crazy, this is the mantra to purify and make it strong:

Om dheem ram, dheem ram, dheem ram
 mama¹² kama chakra
 prakshalana avahum

THIS FULL MOON PROCESS YOU MUST DO FOR THE REST OF YOUR LIFE

Every Full Moon, no matter which process you are doing, which mantra you are doing, this mantra that I'm giving, you must do this every Full Moon 108 times. MUST. Chanting it. And draw this womb chakra yantra. Also add your personal mantra under either *dheem ra ra* or *kleem ra ra*. Then burn that piece of paper in the fire. **This is a must to do for your entire lifetime every full moon.** This is not for 6 months or two years. This is for the rest of your life.

You can chant the mantra while you're drawing the yantra. Maximum it'll take you 10 to 15 minutes to draw it once you got it. And chanting mantra takes 15 to 20 minutes. You done. Anytime can do on Full Moon day (or any of the three days during the Full Moon timing). No need to put the mantras in the yantra when you're drawing it. If you're really brilliant, you can put them but it's not required. But your personal mantra must be in there (*make sure nobody sees that*). But don't draw the yantra the wrong way. One or two mistakes, okay. But not too many mistakes. No way.

(Swami points out three places on the yantra where the lines are touching.) Completely I gave the right side touching. I recommend to write your personal mantra under *kleem ra ra* – on the right side. You will see the difference within six months.

The mantra on the right side is '*sri sri saam*.' I'll write it in Telugu. Clear?

A PREGNANT WOMAN CAN CREATE HER BABY AS A GENIUS SOUL

So these bijakshras, you know mother's carrying the baby in the womb, chant these to make the baby strong, the soul strong with a lot of clarity. For example, give these bijas to a pregnant woman to chant for a couple of minutes. *If she chants this when the baby is in the womb, once the baby comes out, there's no need for that baby to do any spirituality in his life.* No need to. You can see, you can test that baby after he keeps growing how he really came out. But one condition, whenever the mother is receiving the baby with the husband (*moment of conception*) they need to be chanting *vishvashakti Avahum*. Both wife and husband must be chanting it on the process (at the union time).

¹² Swami given this teaching on the word mama. "Mama is the most important word. You have to underline that. Be very careful not to forget to say mama. If any mantra has mama in it, never, ever miss that word, when you're chanting it. Mama is really the most powerful bijakshara. Ma means mother, mama mother – me and mother. Ma means mother... first you and mother. Mama means you, you, you, you, you, you... mother, mother, mother – mama. You can say mama, mama, mama up to nine times, if you want. When you do a yagyam, the priest will tell you: "Say mama". You have no idea, why it's so important to say mama. After you say "mama", it begins to take off. All the energy builds up, builds up, builds up, builds up and builds up. It's the number one prayer to remove illusions."

MANTRA FOR A PREGNANT WOMAN TO CHANT TO CREATE A GENIUS SOUL

Om kama kam ram nam cham

The bijas *kam tam Tam cham* where did these come from? ((1) Sri Chakra, (2) JC yantra, (3) one of the four prayers to Mother Divine after connecting Her to help against her illusions).

Before came *sra nam bhuum bhuteshvari mama kuru svaha – sra* came. You remember that? What is that?¹³ Never ever underestimate these bijas. Each bijas, each one, is a star. Each word, each bija, each letter is a blooming star.

MANTRA FOR BROKEN HEARTS

Kleem ra ra

MANTRA TO HEAL BODY SICKNESS

Dheem ra ra

TO RECEIVE SIDDHIS LIKE THE BIG BOSS HAD

naga naga naga

nam nam nam

rupa rupa rupa raksha

At the moment, you guys need to chant this to receive something like the Big Boss.

PURIFICATION MANTRA TO USE IF YOU HAVE BEEN LEFT BY SOMEONE YOU LOVE

Om samyoga sa sa sri sri sri shree chakra

dhara rakshamam

With this mantra you can also purify the womb. For example, purify the womb means, a lady feels she was deceived by somebody, she got hurt. She offered her mind, her body, her heart and her soul, everything. She's under a kind of bumpy. She wants to kill herself because she's super angry on herself. At the time, go for this.

Even the gents, you really trusted one woman. Generally, there's not 100% giving and taking nature. Even between the wife and husband, I'm sorry to say there you haven't given to her 100%. Something you still having with you. When you really given something to her totally, your life, your money, your heart, your house, you totally depended on her, finally she said tata and she left. You really want to take revenge on her or you want to die yourself. Just relaxly do this 4th prayer as much as you can (no time given). You should prayer know by heart so that anytime you can pick up.

¹³ Second earth element

MANTRA PIN CODE FOR THE SOUL OBJECT

For receiving certain things like the Big Boss did. I mentioned before when you made your soul object that I didn't give the pin number. Now I'm giving the pin number:

om naga naga naga samyoga papa rupa raksha

Papa is a very important word here.

Who made soul objects? How many people don't have soul objects? That's a lot. How many people don't have power objects? Okay, that's done.

MANTRA FOR RECONNECTING WITH AND PULLING MOTHER DIVINE

Who connected with Mother Divine, again to recycling to Her I'm giving the channeling here: (*Note this later clarification point of Swami adding the Personal Mantra¹⁴ before the mantra*)

Om + personal mantra + tesraim ma na sa shakti raksha

The '*ma na sa*' is not one word *manasa* – keep each letter separate.

Keep chanting, chanting, chanting this, pull Her, have Her darshan. But I'm not giving permission to communicate until next Shivaratri. So, keep chanting it, pull Her. I'm not joking. Can do as often whenever you need it. You want something very badly; you want to experience Her energy. Sit very peacefully. First, it's always a good habit to say thanks to the Guru Parampara, then chant this.

Whenever the vibrations are not pulling it, fulfilling it, change your personal mantra. Again if the vision is not happening, there is not 100% clarity, go for *Shakti Gayatri*. You did it for a few hours and nothing happened, then sleep that night. Then you will see the experience. Once if you really chanted it, you tried to have the connection to see Her, within those three days or maximum five days, you WILL, you HAVE to have darshan. Period. For whoever already has a Soul Object it's very easy to them – super easy.

Chant the mantra with a rhythm. But don't say '*manasa*' as one word, chant *ma – na – sa*. *Ma-na-sa*, the three characters Brahma, Vishnu, Maheshwara. *Ma* is powerful bullet, very powerful trigger. Sometimes if you keep chanting, nothing is happening, don't worry keep go, keep go, keep go. You ask the Big Bosses: B1, B2, B3.¹⁵ Help is there.

Ganesh: You said we cannot communicate with Her until Shivaratri but we can see Her.

Swami: Yes. Even if you talked She won't talk to you. I fixed that.

DOING THE 3RD EYE PROCESS NEXT SHIVARATRI

It's only possible to talk to Her if you made your third eye next Shivaratri. It's not a joke. You can see each other. When you close your two eyes, one eye and one eye, just you keep watching each others. To make the Third Eye Process, that's completely new subject.

Try to make your womb most powerful. Connect with your Mother's womb, the Real Mother Womb through the Nature.

Going to Shiva. Dwarkamai, this time, I didn't put any sankalpam to the Shiva Lingam to bleed¹⁶ (amrutha) or anything. Some drops keep running inside.

¹⁴ You can get a personal mantra from Sri Kaleshwar, either by coming to India, attending one of his retreats, or through a certified teacher. For more information go online to www.kaleshwar.org or write ashramstaff@kaleshwar.org

¹⁵ Baba, Jesus, Sri Kaleshwar

¹⁶ release amrutha, a honey like divine nectar, that is miraculously comes from the Shiva Lingam

Some Shiva lingams they put around it (the Shiva Lingam) to connect. Who I promised – to connect to Shiva – I don't have the guts. Tonight I want to release few guys in Dwarkamai to sit and see what happens. We'll see. But myself there's a chance I can hit it. But who connected to Shiva, those process people, one is here (high) one is here (low), To make everybody come like in one balance, one time I tried it. How many people were there in Jesus Temple?

Myuri: Four – Jonathan, Alx, Christina Schmidt and me.

Swami: When you held the Shiva Lingam bowl was anything in it?

Myuri: It was completely filled with amrutha.

Swami: Before?

Myuri: Before when we brought it over from Dwarkamai it was already bleeding amrutha. Then holding it, it became so heavy, so heavy.

Swami: Why it was so heavy?

Myuri: I don't know. Jonathan was holding it but it was clear it was almost to the point he couldn't keep holding it.

Swami: But one mistake happened.

Myuri: You want to tell that mistake?

Swami: No. I don't want these guys to know and do the same mistake again. Last night I told, 'Don't touch each others,' then four people touched. That thing is happening. So, whenever it's getting heavier, flowing, flowing, it was bleeding amrutha at the time?

Myuri: Yes, it was still continually bleeding amrutha at the time.

Swami: Yes, it was continually bleeding amrutha. So you, Christina, Jonathan, Alx, huh? To you, communicating with Shiva, it's a danger. You can see him but nobody on this planet can manifest him, pull him in a physical form, or as avadhut. On this planet, even to Jesus Christ, no person can manifest him. You can manifest through the rocks, like a Shiva lingam. But you can't pull him. Yes, Tatyana?

Tatyana: How did Adi Shankaracharya massage Shiva's feet? That's confusing to me.

Swami: Adi Shankaracharya didn't know he was Shiva. He didn't know he was Shiva.

Guenther: Are we burning our paper yantras on the Full Moons?

Swami: Yes, and I recommend when you're here tonight to draw this yantra on the copper sheet, and touch it to the Big Boss' feet. And add a little bit of dhuni ash and rub it on the copper sheet and keep it in your bedroom. Once your kama energy really got control you're a 98% clarity person. How much? 98%.

Daniella: Can you make this on copper or silver and give it other people?

Swami: Yes. You can teach this to somebody, too. *(For teaching in any public program you need to be a Certified Teacher or receive written permission from Sri Kaleshwar.)*

Ganesh: To pull Mother, do we have to be alone, or can we be as a couple, or groups?

Swami: You can be in groups.

Ganesh: Can we show Mother Divine to our students?

Swami: Why not? That's the concept why I'm preparing you guys. Why not?

Ganesh: We can start from today onwards?

Swami: Yes. Yes. But once you made this yantra, some bijakshras in this bijakshras, either one I need to put my sankalpam on it. Then it's really activated in anybody's house. Whenever you draw it, bring it in front of me, I'll put some word. It's very important. But you can draw it; it's a matter of one minute to me to put it. (Swami put his sankalpam on everyone who did the yantra on the copper sheet here at the program.) Clear?

Student: Can we give to the pregnant woman whatever they need the bijas?

Swami: Yes.

Student: Can we teach this?

Swami: Yes. *(For teaching in any public program you need to be a Certified Teacher or receive written permission from Sri Kaleshwar.)*

Student: You said copper sheet should be in the bedroom. Am I allowed to travel with it?

Swami: Sure. I understand. Yes, yes, no problem.

Student: Are these bijas the same you wanted to activate in the Sri Chakra?

Swami: No, this is completely different. Don't link of this with any yantras and mantras. No.

HOW TO HELP TEENAGERS WITH UNBALANCED KAMA ENERGY

Especially the youngsters, teenage girls and teenage boys, in your house, if they're going crazy, draw this yantra and put it in their bedroom. Just put it in their bedroom. Done. You might think, 'How it's really possible Swami? Yes, a magnet how it really pulls the iron. This yantra will really affect on your soul, especially the womb. It calms down, really calms down.'

CHARGING YOUR WOMB CHAKRA YANTRA

And I really recommend today to chant this 1,008 times tonight and draw the yantra again on a piece of paper with all mantras perfectly. Then burn it in this dhuni tonight. Last night everybody touched their power spot I believe? You touched your power spots?

Students: Yes.

Swami: And before you leave here try to draw it on a copper sheet. Let me see it and bless it. *(Swami sent the blessing long distance that night.)*

Student: On regular Full Moons we need to draw it by candlelight?

Swami: You need to burn it in the fire, you know?

Student: When we pull Mother Divine you said we're not allowed to communicate with Her but maybe we can touch Her feet?

Swami: No. She comes like a spark, like a spark. The fire puja is running here today. I never ever got tired like that in my life. Something some process I did last night for some people using certain things and putting on the Jesus' feet, giving experience to several people. Until to morning 5:30, 6 a.m. I was chanting. 6 a.m. I knocked out my body. And my wife, Shilpa, came, 'The fire ceremony is running. Wake up, wake up.' Amazing trance. Done?

Student: Is it okay to draw the yantra on any one of the three days of the Full Moon?

Swami: Yes. Majority go one Full Moon, the calendar.

Student: How often does a woman have to chant the bijas (when she's carrying the baby in her womb)?

Swami: As much as she has the time.

Student: The connecting with Mother Divine, is that for anybody who communicated with Her or who's had a darshan?

Swami: Who had simple darshan, they can pull. Just vaguely pull it. You try. Pull it. But to the Yellow Scarf I need to give the channeling to Jesus, but I need to talk privately. And the Small Baby Cross people I need to talk to them privately. Those two things are still left. And the Singapore group is still pending. I have to give them a small process. Colorado group is done. I'll see them in Colorado.

Student: And the Dwarkamai group?

Swami: The Shiva process – no, it's a failure. But what I want to do, surprisingly, after you draw on the copper sheets we'll make a lottery. For those who can really sacrifice, dedicate your lives – five people, brave, strong, we'll do one experiment. We'll do one experiment. Has to do.

Student: (can't hear completely) Do we use mantra Vishvashakti Avahum for young men who can't come away from their mothers?

Swami: The mother can make him to disconnect. The child cannot do it. But it's not... why? Why mother and son do you need to disconnect that? It doesn't make sense to me. I love my mother but I stay distance. She wants to go to America. 'You want to go to America? Pack up, go.'

Everything, the points, I covered it. Once you made your womb strong, the #3 prayer, especially to the University people and who's coming to Shivaratri, you'll see what it is. I'm not forcing you to do it but I advise to you to do it as much as you can.

DON'T EVER NEGLECT THE HOLY WOMB PROCESS

If you don't know how to draw this yantra by next Guru Purnima, I'm sorry because of tonight I'm going to put sankalpams on each person, giving shaktipats. It's very important. If you're not interested, if you don't believe it, you don't like it, if you feel it's crazy, I understand with your belief system, you don't need to come to India. No need to come to India. Don't waste my time; don't waste your time.

Hassan: You said something to do for the Blue Scarf, Tirupati Group?

Swami: Let me think.

Student: There's some process opened for the Lottery group from May.

Lothar: Swami has all the questions concerning the different groups on a piece of paper.

Swami: I'll answer. Still there are small things but majority who made soul objects, Mother Divine pulling channelings, you got it. With the Yellow Scarf it takes 15-20 minutes and different groups it's not a big problem.

After dinner come back with copper sheet and plain sheet and draw the yantra here tonight. No speech, no bhajans, as much time as needed use this place draw it. Okay? Good luck and try to be strong few guys whoever it comes in the lottery.

FURTHER INSTRUCTIONS AND CLARIFICATIONS AFTER THE GURU PURNIMA PROGRAM JULY 14, 2006

Swami: Since six, seven months your Swami was feeling very peaceful then all of sudden hundreds of people are descending on the ashram!¹⁷ Makes sense. It's a big work a lot of angles. Everybody received the power spot energies; that's super success. Personal process, 90% success. The Womb Purification, 99% received. That's big. But still some corners I got punched by the Nature with some process.

¹⁷ students came from around the world to attend the first year of the Soul University

Even though I did my maximum best to play the illusions still the illusion played on me. Certain angles I gave up – not completely – still I have the thread to pull it back. Even though a lot of students left with a confusion mind, you can tell them no need to have that because I know their personal mantra and I already connected to their womb chakra; I fulfilled it. You understand? So absolutely, no worry, zero, in any corners.

So when you're here, if you're leaving in two or three days I recommend you to be complete quiet silence. Declare this whole ashram two silence days. Pin drop silence. Then, very soon by grace of him (Baba), I'm planning to visit his samadhi. Then I will start the new work very systematically with the University. And also I'll be busy to concentrating on the book. I prepared the major layers of the subjects what needs to be put in and to release out. So for it will be hard work for the five to six people involved.

There are two things where I got super success and two things where I got super failure so far with you guys. You need to be in unity. Unity. No power struggling. The power struggling is the worst. And try to cut off the cell phones as much as you can. That's a big addiction. When you're here send text messages. Whoever is working as a crew at that time can use the cell phones. But others should drop it, just call weekly once or twice to your home, that's it. It really diverts you. It really disturbs you. I'm serious.

And if anybody gets bumpy try to come and sit in the Baba mandir, just to be quiet, surrender. No need to you to share that crazy bumpiness with other people. Then they're receiving your bumpiness. Then all guys are bumpy. If one person didn't understand their process, somehow you understand some approach, the channeling, but if you ask that guy (bumpy) he gives you wrong answer. *I'm here to answer to you. I'm here to give the answer. So you can write a note. Even if I read it or not I'll give the answer. Just write a note. Put next to his bed. It tells the answer to you.* I'm serious.

I know what you need. You will get what you want. But don't expect, don't stretch the time, you want it like now; don't demand, you want it now. Don't have a crazy expectation, yes, you're receiving this, this, this, this. Then you are in trouble.

Early morning, before you wake up, guys, my meditation I wake up. Whenever he (Baba) is ready to get abhishek, indirectly I'm making him awake, 'Some souls are coming in, purify them.' I'm outside chanting for you, guys. You've seen me a few early mornings. I'm on the job. You saw me today? I'm on the job. After you had purification everything was over, then also I did it for you. I left. Slept. Started. I'm doing the job on my side; try to do the job on your side. Don't think nothing is happening. That's a big joke. Don't think nothing is happening. It is happening; it started. Does it make sense? If you feel uncomfortable to wake up early morning, it's cold, shower, I know, but in a week at least three, four times you need to attend his abhishek. That's very important. That's very important. Do you have any general questions?

Lucia: Of all the things we did this program, what was that where you can say you connected our womb chakra?

Swami: You burned it after writing your personal mantra on it (on the yantra drawn on paper) didn't you? Done. Where you got your personal mantra?

Lucia: You.

Swami: Can I tell your personal mantra?

Lucia: No.

Swami: So you received the shaktipat.

Lucia: Through the burning of the yantra?

Swami: Yes, yes, the fire element is connected through me. You received the shaktipat. I know your personal mantra. The personal mantras are all on my soul list. Wherever you go, you're in my swimming pool. You're not in the ocean; you're in the swimming pool.

SWAMI NEEDS TO PUT SPECIALS BIJAS ON ANY YANTRA THAT YOU DRAW FOR SOMEONE ELSE

Aghni: And with the extra bijas you told us put? We need them?

Swami: Whenever you draw it for somebody to give to somebody, then I need to put the bijas. If you're drawing it here, no need to, or for yourself, no need to. If you're giving it to somebody, yes, you need it. *If you draw it for somebody you need to come to me. I need to know their name, the father and mother's name. Done.*

Aghni: Then if you teach it?

Swami: You can teach it. Still they need also to come back to get the bijas. *(For teaching in any public program you need to be a Certified Teacher or receive written permission from Sri Kaleshwar.)*

Aghni: So we can get the bijas?

Swami: I don't want to tell. I don't want to you to be in trouble. Don't take that risk.

Student: So it means you have to see the plates (yantras drawn on copper or silver sheets)?

Swami: Yes. Just one minute. Somebody can bring it to them. You draw it for 100 people; you can bring it for 100 people, get their photo and their father and mother's names, I'll put it.

Lucia: What is the risk of giving the bijas?

Swami: You're still in the process of the Womb Chakra. Still in the process. I never, ever had such illusion hit like the Shiva Process. Got super failure. I consider it a failure. But still the energy is rolling there. But I don't have the guts to... I waited, and I saw night and day around the clock if any minute, any second I can enter. No chance. I don't want to give to him to bleed any amrutha.

Lisa: So now we use the mantra for the heartbroken and body sickness, can we give shaktipat?

Swami: Yes. That prayer, the Womb Chakra, the techniques that I gave you will practically see it. Like the southwest pool what happens, there is really no right explanation for it. To the Womb Chakra, they are still under researching. Still I'm also under researching. But I know it. But until I really got 100%...

Lucia: How old is this womb chakra yantra?

Swami: This is like 7000 years old.

Lucia: Who founded it?

Swami: Rishis.

Lucia: Any name?

Olga: How do we use the pin number to the soul object?

Swami: I told it.

Olga: Somebody distracted you when you're giving it.

Swami: I told it. I clearly told it. Listen to all the talk. I didn't tell the JC the Yellow Scarf Process people, I didn't give the link, the pin number. I'm waiting. Just I can tell by the messages. Just I'm waiting. Still 35 people I'm clear. Some more people I'm under their process. You can put the message to your friends, 'Swami's on the process.'

Student: There's one mantra on the chakra yantra Basma Raksha you didn't mention that.

Swami: Wait, no hurry. Basma means making you ash. That's the meaning of basma.

Gustav: And there's one process, I think 4th mantra, that means with the union energy for 41 days. What does that mean?

Swami: Learn deeply. Then come back to me if you have any questions. Baba did Dhauti yoga through the womb chakra. If the womb is so powerful and energetic you can do many things.

Lucia: I think his question is if a woman has menses or Full Moon or New Moon time that's within the 41 days...

Swami: I understand.

Ganesh: What is your recommendation for the Yellow Scarf group, what they should do?

Swami: Just purify as much as you can the womb chakra. That's only thing for everybody to do. Just purify, purify, purify, purify it.

Aghni: And we can teach it after we purify it?

Swami: Yes. Spend as much time as you can. You draw each day 100 yantras, same one. Keep drawing it, drawing it. Once you close your eyes, draw it; it's there. Clearly, I wrote the mantra to chant with this yantra. Systematically I wrote everything. But I didn't mention about the nine lines (at the bottom). 50% information I gave; 50% is still pending. After you reach the 50% then I'm there.

Elizabeth: The Full Moon mantra shall we do all the time also?

Swami: Sure. Everyday one time you should go to Shiva Cave, put a glass of rosewater to him, to the Shiva lingam. Those are very good symptoms. Take rose water or plain water, wash. Come back, every day. And do pradakshana nine times to Ganesh. That's super good. Any time of day, even if it's raining, thunder. Nine times. And three times pradakshana to the mandir. That's good.

Lucia: Swami, in this program you also made the cross bleed. In order to command on the water element, do you need the fire element?

Swami: Um hum. What I'm planning to do very soon with Yellow Scarf, Green Scarf and Blue Scarf joining, and Swami's taking like 1-1/2 to 2 days completely stopping the samadhi stage. You know samadhi? Clint Thompson?

Clint: Yes, Guruji.

Swami: Like soul traveling.

Student: Everybody together?

Swami: No only me and selecting a few people and taking them. When the time it was the process was happening (cross process), there were five ladies, they really helped one lady's life risk. Is it true, Mrs. Ganesh?

Mrs. Ganesh: Yes, it's true.

Swami: It was like that. I smelled it. I gave little warning... it's high energy, she can't handle it. If I would have touched you, just I can make you knocked out; completely knocked out. You need to receive energy layer-by-layer. You should not feel it... really like... what happened? When you watch a tree, a bush, you don't see it's growing everyday but it's growing. The energy system also needs to be like that. I should not give it like that to you. So it's very... you need to be careful.

So okay, now it got very much settled; it's very settled stage. When you're doing abhishek in the morning, that's much is settled. You put a glass of water on Shiva Lingam, it gets much settled. Doing pradashina, much settled.

Choose one day 24 hours only doing Om Sai Sri Sai Jai Jai Sai you can start. Like make the groups, keep continually chanting the bhajan, his namasankirtam. Possible? Not now, try to choose one day. Everybody have good stamina and strength with good rhythm and drums, round the clock doing. You start on Thursday at 8:30, 9 p.m. until Friday at 8:30, 9 p.m. One group is gone, next group is joining there; one group is gone, next group is joining. All the time the dhoop is running and the candles burning. Then you need him (Baba), his presence more. Good luck.

BULLET POINTS OF THE HOLY WOMB CHAKRA PROCESS MANTRAS & YANTRA

1. MANTRA TO PURIFY THE WOMB ENERGY & BRING CLARITY

The real benefit coming is how to grow the womb as a holy place. On the planet, the womb means the most beautiful temple, the most holy place in your body, the most energy place in your body, the most clarity place in your body – to make that one as holy. Try to make your Womb Chakra most powerful. Connecting through the mother's womb, the real, the real Mother's womb. Don't neglect it. Never, ever neglect it.

So, grow this yantra very powerfully in your body as much as you want by chanting the prayer. Even if, for example, the gents think, 'Swami, we don't have a womb but we need to be very strong.' I'm giving this prayer. Once you're chanting you can connect with your physical mother, even if she passed away, or if she's still alive, if she got operated on, still you can receive amazing energy to your soul. It's the only most direct canal, direct highway, to receive that. That's why I said it's very easy for the female characters – if the female did 14 years of sadhana and the male did 400 years sadhana – the females get it like that. It means the females have that much easy opportunity to grow their energy very powerfully and very strong. Even if your body feelings, your kama¹⁸ you have a footnote on meaning of kama for people who only use these bullet points feelings, are driving you crazy, this is the mantra to purify and make it strong. Once your kama energy gets controlled, you're 98% a clarity person.

HOLY WOMB FULL MOON MANTRA

Om dheem ram, dheem ram, dheem ram,
mama kama chakra
prakshalana avahum

2. MANTRA FOR HEALING & PURIFYING RELATIONSHIPS

Coming to the benefit of this prayer in your normal life. Whatever problems you're having with the connections, disconnections, purifications, this is the prayer – Vishvashakti Avahum. Done. When you are on the job. (during the male-female union time, when making love.)

Vishvashakti Avahum

A. FOR REFIXING & PURIFYING THE WOMB CHAKRA THROUGH THE UNION ENERGY

Between wife and husband who have any problems with kama, when they're in the union time try to chant this at least five minutes. I put it here the link (*Swami points to the yantra's link of the three lines of the center rectangle touching*). It has to link this place – sattva-tamo-rajo – three gunas, three layers. This totally is hidden *viswashakti avahum*, this spot. So this sattva-tamo-rajo, the three gunas, whenever you have the connection between the two people, that is the right time you can purify.

¹⁸ sexual and desire energy

You don't need to only be wife and husband. If your heart is open to a beautiful girlfriend, or a beautiful boyfriend, to your ex-husband after 10, 20 years, to refix the connection on the soul level, on the womb level, forever and ever, and also same time to receive the purification, you need to chant this prayer. Can even solve the problems pretty good.

But it doesn't work if both aren't chanting the mantra, like if the husband believes in the mantra, but his wife doesn't believe in the mantra. *Both need to chant it. Only one side chanting, it never happens.* Practically you can test it.

41-DAY PROCESS

If you do this mantra when you're making love everyday for 41 days, including Full Moon and Menses timings, pretty good you'll have success there. **(NOTE: This is an important clarification point from Swami that came after the program.)**

B. USES OF THE MANTRA TO DISCONNECT

THE KAMA ENERGY TO CURE A WOMANIZER

For example, you're a bachelor, you have an addiction as a womanizer. Your heart is not open, but your body is really torturing you. You want to get out of that addiction. If you want to avoid that addiction, chant this mantra then automatically your energy generally never accepts you to go for crazy things. That's another benefit.

BRINGING A HEALING TO A RELATIONSHIP AFTER ONE PARTNER MAKES A MISTAKE

You did the terrible mistake. You are really in trouble with your wife. She hates you; she doesn't want you, forget it. She's torturing you. At the time, take this same mantra, chant it bringing up whatever high kama energy you're holding, but not with a depression heart. You need to raise the feelings for her, then she'll automatically calm down to you.

SEXUAL HARASSMENT

Then another thing, on this planet, many millions of women are facing a problem, they have to work under a male boss. The woman is facing the man attacking her. If by accident one boss really tortures her, catches her¹⁹ and everyday is torturing her, using her in a crazy way, whenever you're under the trouble try to chant this. You can disconnect it.

WOMB CHAKRA YANTRA INSTRUCTIONS

(See the yantra drawn by Sri Kaleshwar on page 66)

- Spend as much time as you can to learn this yantra keep drawing it and drawing it – so that once you close your eyes you can draw it; it's there.
- Then I recommend you draw the yantra on copper or silver sheet. Make it touch Baba's feet²⁰ and take little dhuni ash, rub it. Keep in your bedroom. *(The person drawing the yantra for someone not at the ashram can do this before giving it.)*
- Chant this mantra when drawing the yantra.

¹⁹ forces her to have sex without her really wanting it

²⁰ The feet of Baba's statue in the mandir of the ashram.

Om dheem ram, dheem ram, dheem ram,
 mama kama chakra
 prakshalana avahum

- Systematically I wrote everything. But I didn't mention about the nine lines (at the bottom). 50% information I gave; 50% is still pending. After you reach the 50% then I'm there.
- But once you made this yantra, I need to put my sankalpam²¹ on these bijakshras. Then it's really activated in someone's house. Whenever you draw it, I need to receive it so I will put some word. It's very important. You can draw it, then it's a matter of one minute to me to put it. (Swami put his sankalpam on everyone who did the yantra on the copper sheet at the program.)
- Even if you draw it for someone, or someone outside the ashram draws it for themselves, it's important for me to receive the yantra with their name, and their father and mother's names so I can put the bijas. Done.

INSTRUCTIONS FOR THE FULL MOON PROCESS

- This is a must to do entire for your lifetime every full moon. This is not for 6 months or two years. This is for the rest of your life.
- Every Full Moon, no matter which process you are doing, which mantra you are doing, this mantra I'm giving (above), you must repeat it 108 times (*one mala*).
- Draw this Womb Chakra Yantra on the full moon. Also add your personal mantra under either *dheem ra ra* or *kleem ra ra*. I recommend to write it under *kleem ra ra* – on the right side. (*Don't show anyone the paper once you've written your personal mantra on it.*)
- You can chant the mantra while you're drawing the yantra. Maximum it'll take you 10-15 minutes to draw it once you got it. Chanting the mantra takes 15-20 minutes.
- Draw the yantra in front of a candle. After finishing drawing the yantra and chanting the mantra 108 times, then burn that piece of paper in the fire.
- You can do this mantra on the Full Moon day (can also do it the day before and day after the Full Moon timing but the main calendar day is suggested). No need to put the mantras in the yantra when you're drawing it. If you're really brilliant you can put them but it's not required.

But your personal mantra must be in there (*make sure nobody sees that*). But don't draw the yantra the wrong way²². One or two mistakes, okay, but not too many mistakes. No way.

- You will see the difference within six months.
- (*Swami points out three places on the yantra where the lines are touching.*) Completely I gave the right side touching. The two outer curved lines on the right side touch but do not cross.
- This mantra and drawing of the yantra can also be done in between the Full Moon as much as you want.

3. MANTRA FOR A PREGNANT WOMAN USE TO CREATE HER CHILD INTO A SPIRITUAL GENIUS

Om kama kam ram nam cham

Instruction: Pregnant women may chant these bijas as much as she has the time.

²¹ a powerful thought or intention directly from his soul

²² see a teacher certified by Sri Kaleshwar

Uses: When the mother's carrying the baby in the womb chant these bijakshras to make the baby strong, soul strong, with a lot of clarity. You can give these bijas to the pregnant woman to chant for a couple of minutes. *If she chants this when the baby is in the womb, once the baby comes out, there's no need for that baby to do any spirituality in his life.* No need to. You can see; you can test that baby after he keeps growing how he really came out. **But one condition**, whenever the mother is receiving the baby with the husband (*moment of conception*) they need to be chanting *Vishvashakti Avahum*. Both wife and husband must be chanting it in the process (at the union time).

4. MANTRA TO REMOVE HEARTBREAK RECEIVED THROUGH KAMA ENERGY

Kleem ra ra

Uses: Can heal oneself or others by using this mantra while giving shaktipat.

5. MANTRA TO HEAL PHYSICAL ILLNESS AND ANY TYPE OF PROBLEMS

Dheem ra ra

Uses: Can heal oneself of body sickness and while giving shaktipat to heal others.

6. RECEIVE THE SIDDHIS LIKE THE BIG BOSS JESUS HAD

Om naga naga naga
nam nam nam
rupa rupa rupa raksha

Uses: Receiving something like the Big Boss, this is what you need to chant.

7. WOMB PURIFICATION AND CLARITY MANTRA

Om samyoga sa sa sri sri sri shree chakra dhara rakshamam

Uses: With this mantra you can also purify the womb. For example, purify the womb means, a lady feels she was deceived by somebody; she got hurt. She offered her mind, her body, her heart and her soul, everything. She's under a kind of bumpiness²³. You know what I'm saying? She wants to kill herself because she's super angry on herself. At the time, go for this #4 mantra.

Even the gents, you really trusted one woman. Generally, there's not 100% giving and taking nature, even between the wife and husband. I'm sorry to say you haven't given to her 100%. Something you are still having with you. When you have really given something to her totally, your life, your money, your heart, your house, totally you depend on her, and finally she said *tata*, she left. You really want to take revenge on her or you want to die yourself. Just relaxly do this prayer as much as you can (no time given). You should know the prayer by heart so that anytime you can pick it up.

²³ emotional unsteadiness

8. SOUL OBJECT PIN NUMBER

Now I'm giving the pin number for your soul object:

om naga naga naga samyoga papa rupa raksha

Papa means very important word here.

9. MANTRA FOR RECONNECTING WITH MOTHER DIVINE

For those connected with Mother Divine, again to recycling to Her I'm giving the channeling here: (*NOTE: Adding the personal mantra to the beginning of this mantra to pull Mother Divine is an important clarification point Swami gave after the program.*)

Om + personal mantra + tesraim ma na sa shakti raksha

'Ma na sa' **is not** one word manasa – keep each letter separate.

Instructions: Chant the mantra like a rhythm. Ma is powerful bullet, very powerful trigger. Keep chanting, chanting, chanting – pull Her, have Her darshan. But I'm not giving permission to communicate until next Shivaratri. So, keep chanting it, pull Her. I'm not joking. Can do as often whenever you need it. You want something very badly; you want to experience Her energy. Sit very peacefully. First, it's always a good habit to say thanks to the Guru Parampara, then chant this.

Whenever the vibrations are not pulling it, fulfilling it, change your personal mantra. Again if the vision is not happening, and there is not 100% clarity, go for Shakti Gayatri. You did it for a few hours and nothing happened, then sleep that night. Then you will see the experience. Once if you really chanted it, you tried to have the connection to see Her, within those three days or maximum five days, you WILL, you HAVE to, have darshan. Period. Who already has Soul Objects it's very easy to them – super easy.

Sometimes if you keep chanting, nothing is happening, don't worry keep go, keep go, keep go. You ask the Big Bosses: Baba, Jesus, Sri Kaleshwar. The help is there.

Other points concerning Mother's darshan:

- Even you talk to Her, She won't talk to you, I fixed that. (*Cannot talk to Her until winning 3rd eye process at Shivaratri.*)
- If She gives you a darshan you cannot touch her feet. She comes as a spark.
- Who had simple darshan (did not communicate), they can pull. Just vaguely pull it. You try. Pull it.
- You can start immediately.
- You can pull Mother by yourself, with your spouse, or in groups.
- You can show Mother Divine to your students.

10. HEALING UNBALANCED KAMA ENERGY IN TEENAGERS

Especially the youngsters, teenage girls and teenage boys, in your house, if they're going crazy, draw this yantra and put it in their bedroom. Just put it in their bedroom. Done. You might think, 'How it's really possible, Swami?' Yes, a magnet how it really pulls the iron. This yantra will really affect on your soul, especially the womb. It calms down, really calms down.

Basma Raksha (on the yantra sheet) means making you ash. (There are no uses given for this mantra yet.) Swami said, 'Wait, no hurry.' (Also no information how to use *Nesraim* or *Sri Sri Saam* mantras.)

WOMB CHAKRA UPDATES FROM SWAMI (APRIL 14, 2007)

Q: Is it necessary for people who do the Womb Process to charge the five elements? Is one element enough? Which one?

Swami: Yes, one element; it doesn't matter which one.

Q: There is no information about how long to charge certain mantras, like the siddhi mantra. Shall people just keep on doing it?

Swami: Yes.

Q: Are the Womb Process Mantras just for self-healing; can we do use them for shaktipat, distance healing, etc.? (*Kleem Ra Ra, Dheem Ra Ra, Samyoga Sa Sa*)

Swami: All. (You can use them for everything.)

Q: When doing the 41 days of "*Vishvashakti Avaham*" is it ok to use condoms?

Swami: You can use (condoms).

Q: Is it ok to do the *Vishvashakti Avaham* Process (from the Womb Chakra) when doing the *Kalachakra* Process (because of the restrictions of exchanging of body fluids during that time)?

Swami: Ok, no problem.

Q: Is the mantra for pulling Mother Divine already working? (Swami said he has to fix something there.) How advisable is it to give that mantra to beginners, who just started the elements?)

Swami: The energy is accessing; you can pull it. It's advisable to give it to beginners.

Q: If a pregnant woman does the mantra "*Om Kama Kam...*", is it necessary to also do other mantras Swami gave for pregnant women, or is that one enough? And can a pregnant woman who didn't do any other mantras yet, do this one anyway?

Swami: Yes, they can do it; this one is enough.

Q: How long shall they charge the Mantras? 41 days, 101days or half a year?

Swami: 101 days.

Q: Can we do something to charge Copper sheet yantra for our students for example with a puja? Should we chant a special mantra?

Swami: Charge it with vibhuti (ash) coming from my hands. You can do fire puja. Whoever charges it, they have to have the name of the person.

Q: What is the difference between the male and the female womb chakra?

Swami: All souls have it, but only the females have it with the body; the males they connect to their mother's womb.

Q: Do we create our soul object through our womb chakra?

Swami: Yes

Q: What else do we create with the womb chakra?

Swami: Babies.
